- 1GB = 1 billion bytes; actual formatted capacity less. Cellular data plan is sold separately.
- Size and weight vary by configuration and manufacturing process.
- FaceTime calling requires a FaceTime-enabled device for the caller and recipient and a Wi-Fi connection. Availability over a cellular network depends on carrier policies; data charges may apply.
- LTE is available in select markets and through select carriers. Speeds will vary based on site conditions. For details on LTE support, contact your carrier and see [www.apple.com/ipad/LTE](http://www.apple.com/ipad/LTE).
- Cellular data plan is sold separately. The model you purchase is configured to work with a particular cellular network technology. Check with your carrier for compatibility and cellular data plan availability.
- Battery life varies by use and configuration; see [www.apple.com/batteries](http://www.apple.com/batteries) for more information.
- Siri may not be available in all languages or in all areas, and features may vary by area. Internet access required. Cellular data charges may apply.
