### How to Enable Emoji on Your iPad for Free

Here is your solution for how to enable Emoji on iPad for FREE. All for free. You don't even have to have an app.

#### Steps

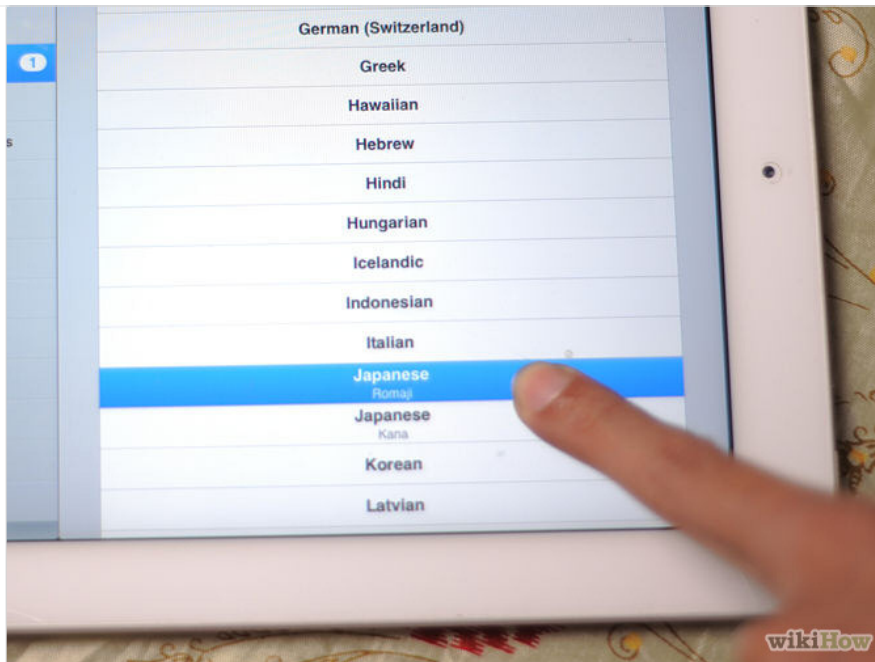

- 1 Click on "Settings" on your iPad.

**2** Click "Keyboards".

**3** Click "Add international keyboard".

**4** Add "Japanese keyboard".

**5** Now all you have to do is go to wherever you wanted to use your emojis.

**6** Click the globe next to the keyboard, then you can type in emoji.

**7** There you have your emojis.

### Tips

- The last three emojis that you used will be there, if you just type in.

### Warnings

- This is **ONLY** for iPads, **NOT** iPod touches, or iPhones. If you try on your iPod or Phone, it won't work.
