Karoke 6:00 _PM Friday

~~~~~

Pam's Notes

Howdy.....I'm preparing to be a Texan again, so I had better get the "lingo" down. It is so nice to see the Tipsters are beginning to return and the activities are starting. Meals are being prepared and the exercise classes are starting so you can work off those calories. Life is tough!!!

Last week we reported that you could still submit an article to the "Our Town" by Oct. 29, TODAY, to Nancy, but we forgot to say Bedsole at thebedsoles.njo@gmail.com If you have some info you would like to add, please give Nancy a note tonight!!!

Mary Olson wanted us to know:

Della Hatfield has returned to T.O.T. this weekend 27th, after spending October in Indiana with her family, since the passing of her son, Dr. Daniel L. Wright of Vancouver, Wa. She will be needing support from all of her friends in the park. Della is the sister of longtime resident Mary Olson.

Welcome back Della and we'll look after her, Mary.

I am doing a little promoting for Len Johnson. He wrote:

I am looking for a used golf cart. I can't ride a bike to get around, and can't use my right arm. I'll be having a reverse shoulder replacement hopefully soon after I get there, so will be immobilized for awhile. Len's email lenjohn64@gmail.com if you can help him out.

I want to give a big "Hi" to all from Charlie Craig and Clarence Weber. Both are doing well and just wanted to check in.

Safe travels to all and I will hopefully be sending out next week's minutes from warm, sunny Texas. Hoping to see all soon!!!! Pam
