Meeting adjourned

Pam's Nptes

I must have been holding off sending the minutes this morning for a reason. I just received this message from Sherry Collins:

Good Morning ,

We finally had Gary's third attempt, in Penticton, of the blasting of his bladder stones. Everything went well, however, we are still waiting to hear from the ????? doctor. They had bigger fibres for their laser, which is five times bigger than the one in Kelowna. We got home last evening. Gary had a restless night but feels better this morning. Hopefully he continues to improve.

Gary and I both wish you, your family and friends a very Merry Christmas and a Happy and Healthy new year.

Cheers,

Gary and Sherry

We miss the Collins and wish them a Merry Christmas.

I also want to remind you that the Tip Blood drive is Thursday, January 3. Please contact Barb Horne 956-244-3485 to schedule an appointment. This would be the best Christmas present you could give.

The weather looks better for the next few day, so enjoy the season.....Pam
