Pam's Notes

Good morning,

Just for your info, since I have added several new e-mails to my list, everything typed in blue are my thoughts and reports. Several Tipsters send notes, request, and info that I personally share with others. If you have anything you would like to share with "the family" please drop me a note and I can send it on. We all like to keep in contact with others throughout the summer months.

It is always nice to hear that our friends have returned to their northern homes safe and sound. Karen and Larry Woodard wrote:

Just a note to say we arrived home Saturday afternoon safe and sound. A little tired but we made it through all the Houston construction and the I-10 accidents. See you next year.

Thanks Karen for your note.

It was sad to see many hands raised when asked who would be leaving this week. We wish all safe travels.

I would like to thank the Elys and Martels for throwing a great block party to Desert Trail and friends Sunday afternoon. We all had a great time.

Lastly...Chuck and Marilyn Stranberg are traveling throughout Europe. Marilyn has a blog where you can follow their travels. Thank you for sharing with us. Have a good week. Pam
