Pam's Notes

After a storm with high winds at the first of last week, the demise of the banana tree was inevitable. It was just too much weight for the small stalk. I haven't heard what happened to the bananas.

On a serious note, we did say farewell to long time resident Ilene Jensen. She did leave her address of her son's where we can reach her.

Ilene Jensen  
c/o Byington  
1408 E Apache Trail  
Granbury, TX 76048-6059

She will be sadly missed, especially at the Samba tables.

I heard from a few residents who have traveled north:  
The Lynchs:

Got home safe and sound. Had to get new tires but stopped at a great place and got it in right away for us. Had a wonderful Easter with my sister and family. Snow tomorrow, coming back to Texas. Lol have a good summer everyone love from Wisc. Dick and Bonnie Lynch

Butch and Rebecca Wendt:

Thanks for all the MMM's. We had 2 nice days coming home. Stayed at Ed & Cathy's overnight. Got home and the next day it snowed. Wisconsin! You and Pete have nice summer, see you in TOT.

Rick McAloney:

Thanks for the update! Pam really likes reading all the news at the tip may be I will make it back this winter I sure miss the tennis and all the great people we had such a great 11 years there, stay safe and thanks again

Sharon and Dennis Bramlett:

Finally can report us getting home Friday. Good trip crept for some hard winds and rain north of Memphis. Good to be back home!

Miss the Texas bunch already! Hold the fort for us!

I thought I would I, too, would head north this week, But.....the weatherman predicts rain in the Midwest daily. So, I may wait a week.

Have a good week.....Pam
