Thirsty Thursday will be at the Texas Roadhouse on Trenton.

There will be no dance on 7/24 or 7/31.

Dance with Steven May on Wednesday at 7:00. Hot dogs and chips from 5-7.

Horsecollar on Friday - Be there at 6:40 to start play at 7:00.

Chair volleyball on Saturday at 3:00.

Next week's Monday morning meeting will be held in the A&C room.

THAT'S ALL FOLKS!

#####

Pam's Notes

Good Evening, I was finally getting around to send out the minutes when I received two worrisome e-mails that I need to pass on. The first was from Clarence Weber's daughter-in-law:

Clarence Weber has been in the hospital recovering from hernia surgery since July 9th. All went well but because of his artificial heart valve It is taking a while to get his blood the right thickness so he can go home. Please pray for him. (Cheri Weber his daughter-in-law) Prayers for Clarence for a speedy recovery. Clarence's address is 157 Forest Parkway, Apt D, Valley Park, MO 63088 and e-mail address clalavsea58@yahoo.com if you'd like to drop him a card or message.

I also received this e-mail from Darlene O'Brien:

I am sending you a note so you can let the people on your mailing list know. last tuesday John had a mild heart attack and has been in the hospital. He is doing well and hopes to go home soon. He also had water on his lungs and that is what is keeping him in the hospital. Trying to rid the lungs of the fluid. He had 3 stints put in and they are doing beautifully. He has been in the hospital twice in his life time for a stay. Once when he was born and now. So all is new to him.

Wanted the people to know that is why the MMM are not posted. He will post them when he gets home and has access to his computer.

Hope your summer is going well. I know it has been hot and humid in Illinois. We are in Phoenix taking care of our daughter's estate and then selling her home and all the insides. Will probably be here till Oct. Today the temperature is to be I think 113. HOT

Take care Pam, stay safe and well.

Darlene & John

We are sad to hear John has had heart problems, but glad to hear his attack was mild and hoping the 3 stints will put him on the mend. Take care in that 113 degree heat....but remember Phoenix is a "dry heat." We all know hot is hot, no matter what. I have John's e-mail melroseirish@gmail.com, but I do not have a Phoenix address. Prayers for John and for Darlene!!!

Louisiana Hurricane Barry has infiltrated Central Illinois with rain. We've had many showers throughout the day. This is not a bad thing for the area farmers. Hoping you're having showers of blessings in your part of the country. Have a good week. Pam
