We need a new chairperson for the craft shows monthly Nov.-March.

A new chairperson is also needed for TOT Senior Olympics, and Ice Cream sales on Sunday.

The Barnes building needs sanitizer bottles so the tables can be wiped before and after use.

As a reminder, the phone number for the main hall is 956-787-9959. The main gate number is 956-787-3727. And, of course, 911 for Police, EMT's and Fire Department.

Happy Memorial Day!

Pam's Notes

Good Tuesday Morning:

We were awakened by Thunder and Lightning early this a.m. and received much needed rain. It's always strange to me to have these Thunderstorms in South TX. It is normal for the Midwest.

I recently had a note from John DeVaney about our friend and resident, Tiama Bergman.

On T.V. this a.m. A dam in Midland, Mi. broke & may cover the downtown with 7' of water by tonight. My friend, Tiama Bergman lives there. I called her, she said she had to evacuate her home. A friend of hers, that lives on higher ground, picked her up. Tiama said she had a very short notice to evacuate & only was able to put a few of her belongings in a suitcase. The power was turned off in her area & may be off for a long time. Tiama's home is in a historic area. If you go to WWW.Midland you can see the photos of the flood.

Your friend

John DeVaney

Let us pray Taima is OK. If anyone knows of her circumstances, please let us know. Thank you, John for keeping us informed.

I heard from the Malterud's:

We got home from the trip via Hawaii on April 14, everything went good . Bruce started his radiation treatments the following week, finished last week. It went good time will tell if it worked. We are waiting on the contractor now to start our house. WE are both doing good staying at home working. Bruce and Rosemary Malterud

Prayers for Bruce and his radiation to be successful, also.

I want to thank John O'brien for keeping us updated on the obituaries. He has posted Roy Flattan's on TOTFYI web page. Again please keep Sue and her family your prayers.

And lastly my update. I have had 12 radiation treatments with only mild side effects, sore throat and metallic taste. 13 more to go. It takes them longer to prep my mask than the treatment itself. In and out in about 10 minutes. I want to Thank You all for your continued prayers and concerns.

Have a good, SAFE week. Pam
