

MONDDAY MORNING MEETING MINUTES
March 22, 2021

The Monday Morning meeting was opened by Berry

The pledge of allegiance

Deloris Simpson gave the praise report

Eugene (Bugs Metten) passed away Friday at his home in The Tip Of Texas. Deepest condolences to Bugs's Family. He will be sadly missed.

Pete Blansit passed away at his home.

Paul Barcenas fell playing water volleyball and pulled a hamstring muscle and is recovering at home.

Jennifer Kirkland Fell and has some broken facial bones and will see a plastic surgeon soon.

Prayers were given by

Park Manager AL

Good morning and welcome everyone

We have 404 guests on 260 sites

Tomorrows menu will be Meat Loaf, mashed potatoes

Wanted to say thank you to the MERMAIDS for their awesome performance. Of course again thanks to all who helped with their performance, and the cooks and all who assisted.

Shared info, Indoor spa is down we have burners on order

The inbound gate should be repaired hopefully today or tomorrow, they had to order new gate motors,

Fence on the north side of the Resort is almost finished.

It's hard to believe we are coming to an end of the season, it sure went fast despite not being open for all activities, I am looking forward to the upcoming season and hope we are able to be open for more activities and enjoyment,

We just have to see what happens the word is maybe the county judge is going to lift the ban on things and maybe masks but again we will have to wait for the word from corporate, also with the uncertainty of what's happening at the border we need to stay safe and be aware they aren't sure where these people can show up at.

If you are preparing to return north make sure you have your mail forwarded at least a couple weeks in advance also everything secured at your home is picked up and locked up to protect it the best you can, never know what the wind blows in hurricane season is coming up soon.

Have safe travels and a great summer looking forward to an action packed upcoming season we so need.

Al

We thank the Brinks for having the ice cream sales every Sunday. They did a tremendous job helping out the activity fund.

Mary Kitkowski asked for donations to the orphanage that the park has supported for many years (there are 200 children in the orphanage) . She and Matt will be leaving the park soon and have their place for sale.

The St. Patrick's day events raised \$720 for the activity fund. They want to thank all who attended and the park owes the cooks and activity directors Fay and Berry for a great job.

#####

Pam's Notes

[Good Tuesday Morning: They have resumed Monday Morning Meetings in the hall social distancing and wearing masks. Below are the minutes. It has been a very nice, but breezy week here in South Texas.](#)

I'm sorry no newsy notes to pass on this week. Spring must have come to those in the North and everyone is out enjoying the weather.

I personally had my first immunotherapy with very little side effects and still doing great. No pain. Radiologist says spots on spine not ready for treatment with radiation??? Guess that's good. Thank each and everyone of your who have me on your prayer list. Prayers DO WORK!! Bless you all!!!!

Have a good safe week Pam
