**Subject:** MMMMeeting May 10

**Monday Morning Minutes  
May 10, 2021**

Monday Morning Meeting was voluntarily led by Joyce Sauter at 9:00am with the Pledge to the US Flag. Seventeen plus Manager AI were in attendance. Jan Harris left report that her husband **DICK HARRIS** passed away from a long battle with heart disease. **JOSIAH KNOT**, who lives on Sharm, is now in hospital with throat cancer and will soon be transported to Houston for extensive treatment. **DOROTHY PHILLIPS** is flying north for cataract surgery on May 19: Joyce led us in prayer for the people mentioned above and their families in dealing with the situations, and asked the Lord to be with us in our everyday lives.

Manager AI Septrion reports 236 guests on 164 sites for this week. Pharr Police Dept. is coming to Monday morning meeting sometime in June. Joyce S. requested that AI put it in the TOT news so that more people interested in a Neighborhood Watch may attend. Manager AI also said that ALL dead trees and brush will be removed. Strong winds have started again, so please secure outdoor items. If leaving, use mail forwarding so the mailboxes here can be blocked.

Mary and Matt Kitkowski are permanently leaving the TIP after many years for health reasons and, as Mary says, old age reasons. A farewell party is being planned at Joyce Sauter's place outside on Winter Trail lot 966. Please come to say goodbye.

The goodbye get together for Mat and Mary will be in front of Arlene and Joyce's homes on Winter Trail at 4 to 5 PM Friday May 14th. Come and wish them a happy journey. Cake & Icecream will be served.

Peter Piper Pizza is tomorrow, Tuesday, May 11, Pecan and 10<sup>th</sup> St. @ 11:30am. Sign up in advance for a count.

Thirsty Thursday this week is a London Grille @ 3:30pm. Sign up in advance for this, also.

Barbara Chappell has announced that Hand Knee and Foot will be played in the AC room on Tuesdays and Thursdays at 10am.

Samba is every night at 6pm. in the AC room. Horse Collar is every Friday @ 7pm.

Contract Rummy is each Tuesday and Thursday in the AI Barnes Building at 6pm.

Mexican Train is every Sunday at 5pm. in the AI Barnes Bldg.

Thankyou for the birthday wishes in advance. The total surprise was daughter Donna, and grandchildren Mikayla and Jason flying down from WI for a three-day visit to throw a little party. I guess it won't be so bad turning 70. I feel so lucky and blessed.

Nanci Rickert

#####  
Pam's Notes:

**Good Monday Evening: Happy Belated Mother's Day to all those mothers.**

**Sorry no last weeks minutes, so I will add those to the end of today's. I did go to Houston last week and received good news. The Doctors think my treatments are working. They say the Keytruda is hardening the spots on the vertebrae bones. They want me to continue infusions every 3 weeks. The next treatment can be done here in McAllen and then back to Houston for scans after 6 weeks. The Good Lord is hearing your prayers and looking after me. I still have no pain and am able to continue to participate in all the activities I did before I was diagnosed. I thank you and do so appreciate all your cares and concerns.**

**As you will read, Dick Harris has lost his fight with his heart problems. Dick was always active in the church choir and the wood shop. Please keep Jan and family in your prayers. Hoping I have their address correct: 1539 Welby Drive, Saginaw, MI 48604**

**I just received this note from Marge Johnson:**

I just received a call from Sue Scheibel, Henry's daughter. She said that Henry was in the hospital. He had fallen in his living room on Thursday nite on his way to go to bed. He laid there several hours, and when he woke up, he used his emergency button that's around his neck. He was taken to the hospital where they found his hemoglobin to be very low, possibly due to internal bleeding somewhere. He is refusing any work up, and chose to go to a Nursing Home for the time being, as he needs more assistance.

Things sure do change in less than a week! Last week he told me that if he continues feeling as good as he does now, he plans to come to the Tip in October. He was even helping his boys move machinery around last week. He asks for your prayers.

**Prayers for Henry's recovery!**

**It looks like there has been cool dreary weather up north...sorry to tell all those who have left early, but we've had sunshine and 80's/90's. Nice!! Have a good week.**

**Pam**
