

MONDAY MORNING MINUTES  
AUGUST 16, 2021

Meeting opened at 9am led by Marilyn Bullington located in the AC room. Health report: Louise Chase is still in hospital. Jeanne Leach is at home with home care. Barb Chappel is home but is still very weak. She is receiving therapy. Larry Guillam is due to go home, but is still in major pain. Dave and Joy Ochs are back at the TIP after Dave's extensive surgery in Mayo. Sally B. is home after neck infusion surgery and is still in pain. Marilyn's brother needs prayers. Marilyn led us in prayer regarding all illnesses and for all of us.

Manager Al Septrion was not present at the meeting. Lynn Marie and Marilyn are meeting with Al and District Manager Steve Puckett today. Discussion will be about their list of 27+ issues that have not been handled yet here at the TIP. Procedures are confusing.

Vehicle tags are still being distributed by a residents' committee throughout the TIP. Palm tree cutters began trimming on Friday and hopefully continuing until all trees are trimmed. Thirsty Thursday will be at La Margarita's-2 on Veterans and Ferguson.

Meeting adjourned at 9:

Al's Notes

Tipo Texas Manager via [wildercorp.onmicrosoft.com](mailto:wildercorp.onmicrosoft.com)

Good morning and welcome

We have 184 Guests on 131 Sites

Just a couple notes from the Office

Palm trees are finally started being cut.

The signup sheet is still up in the main hall, the date is September the 7<sup>th</sup>, for the Flu shots and still not confirmed if they are going to have the covid vaccine.

Hopefully all goes well and we don't have to shut down as we are scheduled for our Dances to start up September the 1<sup>st</sup> (Wed) for the season and are going to need volunteers to help with the ticket sales, 50/50 and concession's

Please let us know if your interested in helping in this area. Thank you, Cesar and Kathy will appreciate any help given for sure.

We still need to be aware of our surrounding and mask up if not vaccinated for our and others protection.

About all I have have a great day and safe travels if your traveling

Al

Pam's Notes

**Good Tuesday Afternoon. The weather in Central IL has been very nice. In the high 60's in the morning and up to the 80's in the afternoon. My kind of weather.**

**I am flying back to Houston next week for tests and scans. I will find out then if this experimental drug is working. I have been feeling fine. I've kept busy working in the yard...I don't want to forget how to trim some shrubs and bushes. I know there will be**

some work to be done back at the Tip. Fingers crossed and prayers needed for next week's visit to the hospital.

I was kept informed of Larry Gillem's update. The plan was for him to come home today. His throat is sore from the radiation and he has a feeding tube that will be hopefully removed if he gets home. Their address is 417 41st Avenue, South Saint Cloud, MN 56301 Prayers for his recovery.

So I will close wishing all a good week. Pam
