Pam's Notes

Good Tuesday evening....I just returned from Houston back to IL. We escaped tropical storm Nicholas's wrath and were able to fly back North today. I will travel to WI with Pete and we will return to Houston for radiation on Sept. 24. Then we'll go on the Tip. I will start a new drug therapy the 2nd week in October. But again thanks to the good Lord, I am still without pain.

I have been in contact with Rita Jalovy who was in an auto accident. She is getting therapy and will hopefully be out of the hospital in Neenah, WI soon.

**Bob Buege's Obit can be found

Kris reported that Bob was in the hospital for 67 days before they lost him. Joanne's address is 210 East Adams Street, Caledonia, MN 55921 if you would like to send them a card. Bob will sadly be missed by all who knew him. Prayers for Joanne, Kris, and their family.**

I noticed on FB that several of the Tip Family will soon be migrating south. Please travel safely and hoping to see all of you soon. Have a good week.
