

MONDAY MORNING MEETING MINUTES

March 21, 2022

Johanna D'Aleo opened the meeting at 9:02 a.m. with the singing of the National Anthem and O' Canada, along with the Pledge of Allegiance. There are only guests returning north. Bill and Mary Kimber and Linda Gillick are leaving, and we said goodbye.

Delores Simpson gave the hospital report: Lynn Baird fell and fractured her ankle. It was taped in Urgent Care and she hopes to get a cast today. Diane Suhr was hospitalized with an infected toe, which is better now, but they lessened the dose of a medication she was on, and she will be staying another week or two to get it regulated. Carolyn Adams, who is on home dialysis, has had problems controlling blood pressure and is weak. Last week, Delores visited Jeanne Leach who is improving and likes her rehab (cute tech). Card passed out to sign. Robert Hernandez is doing better, and spirits are good. He can move foot and smiles. His mother is taking care of father and him. He was discharged once he got well enough, as there is no insurance. Working on a Medicaid application. Irene Klawecki is home and using a wheelchair. Bill Kimber had a mild case of Covid and has left for home. He hopes to get seeds for his greenhouse along the way.

Bible Study is Thursday, 10:00 a.m. in the AC Room. There will be a guest speaker who will go through the Bible chronologically and give tidbits along the way.

Delores led us in prayer for those struggling with health issues. Al reported 507 guests on 309 Sites. "A couple notes and comments> First off thank you to all who assisted with the ST Patrick's Day festivities.

Remember about closing your Mailbox a couple weeks before you leave to be sure all straggling mail is picked up and remember also when you

do change your address to notify the office of the last day you intend for the box to be open so they can get it closed.

Don't forget to secure all loose items around your unit if you have a unit and leave for the season. shut your water off, and propane, it's ok to leave electric on if you choose, set your A/C 85 or 90.

One final comment was asked to share on my Facebook and at the Monday morning meeting, from Pharr Police Officer:

Quote, 'Have any of you ever really wondered what your Police department does on a daily basis ? Aside from eating donuts, pulling innocent drivers over and hanging out at the TipOTexas Activities, curious permanent residents of Pharr Resorts to participate in the Pharr Police Citizens Academy. Participants will be taken through the few weeks of "semi-intense" yea right police procedures traffic stops ride alongs and other interesting police functions. For more information contact Officer David Trevino at (956) 402-4700.'

All I have have, a great week if traveling, stay safe and have a great summer. Looking forward to seeing you all in the fall. Al"

A small DVD player belonging to Marilyn Strandberg was in the AC Room and has gone missing. If you know where it was moved to, please let us know.

John Vavrin reminded us of the importance of verifying your insurance coverage and making sure it is up to date. He wanted to increase his

Pam's Notes

Good breezy Monday evening. Like everything in TX, the wind today has been BIG and Windy!!! Dust blowing everywhere. Of course the temps are up in the low 90's. That I like. I guess you can't please us all the time!

I received a nice note from Betty Fiser this week:

Next week would you please put a "BELATED THANK YOU" with the MMM?

I want to THANK MY FRIENDS

Donna & Mike Williams

Bob & Jenny Fassen

Bonnie & Dick Lynch

& NEIGHBORS Shirley & Greg Dutra, Kay & Bernie Schaaf, & Connie & Don St. Auburn

And anyone else I forgot.

Thanks Linda Gillick, Phyl, Kim & Corey, 2 Jackie's, Marcia, & Bonnie for food while we were there. Thanks for the help of emptying 20 years of accumulations while living at the Tip.

Dick is doing better but still doesn't walk enough. Says he can't at 85 plus yrs. We're looking at Senior Living places to downsize to. In Jan. Our 2 daughters threw me a Happy 80th birthday for family, that was fun.

We miss all of you. Such GREAT PEOPLE at the TOT. THANKS AGAIN EVERYONE. Mary & Bill said we can stay in our old place for a short while, so we hope to visit in the future. Thanks.
Love, Betty & Dick Fiser

Both Dick and Betty are sadly missed! We wish them luck in their next life change.

I also learned the news that Canadian Ernie McKee suddenly passed away on March 8th. Beth's address is 441 Elmwood Ave. Apt 101, Richmond Hills, ON Canada, L4C 1M5 if you'd like to send a card. It is sad to lose so many of our Tip Family. Our condolences to Beth and family.

Remember Spring should be here, but y'all know it's still cold up north. You don't have to migrate yet. For all those traveling soon, please let us know you have arrived safely to your homes.

Have a good week. Pam
