

MONDAY MORNING MEETING MINUTES

March 28, 2022

Johanna D'Aleo opened the meeting at 9:00 a.m. with the singing of the National Anthem and O' Canada, along with the Pledge of Allegiance. No new guests but a lot of guests returning north this week.

Delores Simpson gave the hospital report: Diane Suhr has flown back home for further medical treatment. She is home now and doing better. Delores also added unspoken prayer request for the many in the park that have special needs as well as some loved ones and friends back home. On the Praise Report, Lynn Baird finally saw the ortho on Thursday and was told it was a clean break and best not to cast. She is in a boot and will be getting an xray every two weeks to monitor healing. Also, Vera Janis was finally set up for home physical therapy. The Kimbers also arrived home safely. Bill is doing well after mild Covid.

On a happy note, Bob McDougal and Josie were married Tuesday in a private ceremony in our TOT chapel by Pastor Lightener who will be returning next year to the Village Chapel. We wish them many years of happiness.

Pastor Lightener led us in prayer with thanks for good experiences and fun times, and for safety returning home. He also thanked Delores for her part this year.

Al reported: "We have 497 Guests on 304 Sites.

A couple reminders,

- > Mail, be sure to forward your mailing address, a couple weeks before you are leaving than let the office know the day you actually want your box closed so we can put a block in your box.
- >If you have a unit you are leaving be sure to have everything secured the best you can items stored, inside and protect windows, shut off your water and propane. Again, it's ok to leave your power on set your AC 80 or above. There was an incident the other night with a valve on a propane tank that was leaking into the night. No issues though.
- >All I have wishing all safe travels and a great summer ahead be safe.

Al"

Jean Couch wanted to say thank you to everyone. We had a really good time, there was wonderful food by our cooks, and volunteers that support any activity, along with spiritual guidance. We are thrilled to live in a park where there is so much camaraderie and caring.

Linda Beem showed an example of a priority mail flat rate envelope, which is to be used if you wish your pictorial to be sent to your home address. It will take 16 forever stamps. Drop these off at Linda's home, 712 Allison. Come to the short drive door. You can also wait until fall to pick them up when you return.

Pam's Notes

Good Monday Afternoon,

We are having to say goodbye to many of our long time Tip Residents. Russ and Cheryl Tibbits, Sy and Char Giesen, and several others are leaving. We are hoping they will come back and rent next season. It's sad, but we wish them well on their new endeavors.

I also know many of you are leaving in the next few weeks. Please let us know when you arrive safely to your northern homes. We always worry about each other.

Virginia Van Alstine sent this note:

My leukemia is back. I am headed for MD Anderson this weekend. I will have tests the first of the week then hopefully heart tests pass so I can do the immune injection trial treatment. I have to be in the area for 5 weeks so they can monitor. Give me a call if you are in the area during this time and maybe we can see one another. You can pass this information on to the TIP.

Love, Ginny

If you travel thru Houston on your way north and have some time, you might give Virginia a call. I am sure she would appreciate seeing a friendly face. Our prayers are with you, Virginia.

I will travel back to MD Anderson next week, so minutes may be late. We will wait to see who will be taking minutes at the meeting. It's hard to believe that the season is coming to an end. Have a good week. Pam
