

## MONDAY MORNING MEETING MINUTES

### April 4, 2022

The MMM was held and Deloris Simpson gave the health report. Mary Kitkowski called and said she was transitioning from the walker to a cane. Matt no longer has any use of his legs, but the VA has helped him with a new bed and wheelchair, so he is able to move back and forth. They have some one come in 3 times a week to help him.

Jeanne Leach was in the hospital, but should be back at Colonial Manor this week. Bob's nephew and wife have been here this week to be with her.

Good morning and welcome everyone

Things have really quieted down here we do have a few guests who are making plans to head home or another destination.

We have 298 Guests on 182 Sites

Couple reminders> Mail forwarding make sure you get it set up and notify the office when you want the box actually closed so we can put a block in it

Of course make sure everything is stored for the upcoming season if you are leaving, protecting your items the best you can.

We will be going into the summer season and a few projects I'm hoping will get approved for. Will post what and when things are going to happen on the board in the back of the hall along with the email going out to all who has it sent to them.

Have a great day, week and safe travels to all who is leaving or going this summer.  
Al

This place is getting way to quiet. That's all folks.

### **Pam's Notes**

**Good Tuesday evening....and it's especially good for me. We're in Houston and after tests, scans, and a MRI, the Doctors said my cancer was diminishing and no new lesions were forming. Thank the Good Lord and Thank You for your prayers and support. I appreciate each of you. It humbles me to know so many of you have kept a prayer vigil on my behalf. God Bless You!**

**I had a note about a happy occasion for Mary and Lee Olson, but sorry to say I lost the email. They recently celebrated their 65th Wedding Anniversary. Congrats to them.**

**For an update on Gary Brinks:**

Gary and I made it to our son's home in Dallas. Gary's health continued to decline and after a video conference with his primary Dr we went to the emergency room at UT Southwestern where he was

admitted to the hospital. After an MRI with dye he was diagnosed with a brain tumor. More tests to come in the next few days. I'll update when we have a plan of action.

Thank you for your love, prayers, and support.  
Sherrie

**Please add Gary and Sherrie to your prayers. They need all the support we can give them.**

**Several of our Tipster Family have sent word that they have returned safely to their Northern Homes. Thank you for easing our minds on your recent travels.**

**The Elenhorsts wrote:**

Left the tip weds morning the 30th and arrived home Thursday at 12 noon. 16 hours driving 1100 miles. Average driving time for us Had a little traffic problems in Waco and Fort Worth In Oklahoma there are 6 construction zones in the first 80 miles on I35. Woke up Thursday morning to a sloppy lite snow for about an hour south and thru Wichita that wasn't predicted last two days have been In sixties not so bad but not pool weather safe travels for those heading north Steve and Pam eikenhorst

**Our Canadian Friends, Jim and Char Waite:**

Good morning! We are home safe and sound. Roads and weather were great the whole way. Cool here but we will adapt! Take care and have a great summer and keep us posted!

**The Tibbets sold their unit and traveled back north:**

Just wanted to let you know we had a very safe trip back to Kansas. It was a beautiful 2 days and our kids did the driving.  
We have enjoyed 21 winters with great friends at the TIP.

Pam thanks for everything you do to keep us connected.

Stay healthy and safe!  
Russ & Sheryl

**Bob and Alta Hough wrote on FB:**

We arrived home safe and sound. Little snow on the ground, but we needed that. Some of our kids and grandkids were here and unloaded everything for us.. **Posted last Saturday.**

**Kris Buege and her mother, Joan, also posted they returned home last Saturday.**

**So sad to see everyone migrate, but so glad they made it to their homes safely. There were only a few notes on the MMMeeting. Since I wasn't in attendance, I can't tell you the ins and outs of the meeting. Have a good week and safe travels to all those still leaving the Tip.**

**Before I forget....If you're traveling up thru Dallas and see the bluebonnets, please drop me a line. I would love to get back to Fredericksburg and see them in bloom. Thank you. Pam**
