Just a couple comments, We are soon to be in Hurricane season, first of June, be prepared the best you can, keep things picked up and secured the best you can. Again this is important we know who is here so we can keep an eye if we have to do emergency evacuations

On another keeping things locked up lock your vehicles homes or whatever during the last couple weeks I became the target of loosing several tools from shed , all Ryobi I did a police report but we think its not going to happen to us well it can be careful and safe.

Regarding summer projects I have not heard anything as of yet from Corporate to what the status on our projects I turned in hope soon, couple things will be some interior bathroom painting .

I'm sure palm trees are on the summer project as we have a 3 year contract to have them done.

Good Morning:

It's raining in the Valley.....much needed for crops, lawns, etc

I am so sad to report that good friend Yvonne Thomas passed away after a long fight with pancreatic cancer. Our sympathy goes out for Karl and her family. If you'd like to send Karl a card: Karl Thomas, 14245 Maple Inn Rd. SE, Mentor, MN 56736.

We do have good news as you will read. Louise Chase is feeding herself and Vera Janis is home from hospital and attended the meeting. Personally, I received another good report from MD Anderson. Test show no new lesions on the spine and other spots on lungs and brain are longer showing up God is Good!!! Thank you for your prayers. They definitely help. Please keep them coming for all ! Have a good week. Pam
