Tip Manager Notes

Good morning everyone

We are reporting 240 Guests on 161 Sites

Just a couple of notes We are officially in the Hurricane season, so take note protect and secure your property the best you can, keeping things from becoming a projectile

It is also very important if you are leaving for a few days to notify the office as we need to try our best for an accurate count of people residing at the Resort if we have to do an evacuation we hope to have everyone accounted for.

I still have no word on summer projects of what or what not is going to be funded, hopefully well know this week.

Palm trees should be trimmed as my understanding we have a 3 year contract

There has been a number reported theft in the Resort, please keep your eyes and ears if you hear of something report it immediately to the police., than notify the office with this please be sure to keep your vehicles locked, protect your property.

Have a great week its going to be warm stay hydrated and be safe
