A couple Notes > FOAM IS NO LONGER BEING RECYCLED, PACKAGING FOAM ETC. WITH THE CITY SO PUT IT IN THE TRASH.

Your garbage needs to be set out by 8AM if not it will be up to you to take it to the dumpsters, please don't set it out before the day of pickup due to rodents or cats getting into the garbage. Garbage pick up is on Mondays and Fridays.

Being that we are in Hurricane season Please be sure things are stored properly and picked up around your units.

Today we are starting to see work on the Indoor pool being replastered and will be adding a handrail to reach into the pool centered on the east side of indoor pool. Will move to the Outdoor Spa to detect the leak and repair before they replaster the Spa

Still waiting on Palm tree trimming, hate to say this week as it was suppose to have been a couple weeks ago to start. Also the Tennis courts should be sometime this week or next cross our fingers.

You may already have heard that for all us shoppers of the Don Wes Flea market was lost due to Fire on Saturday.

All I have a great week and stay safe in whatever you do.

Pam's Notes'

It's been awhile since I've checked in. The only news we've received from the Tip Office and I will include those. But first I have to report we've lost two more past residents. Alta notified me on July 10th:

Doug Lundey passed away this morning. I don't have a address for Cheryl . Hope you are doing good. So far very busy summer for us. Right now our grandson is home on leave from the service, good to see him. Stay healthy and have a great rest of summer and lord willing we will see you in Texas.

Vera Janis notified us:

Wanda (Libby) Golding, our beloved wife, mother and Meme, died Tuesday, June 28, at the age of 73.

Born March 30, 1949 in Chester, Maine to John C. and Norma (Leavitt) Libby, Wanda loved her family - especially her grandchildren - more than anything.

Marilyn Stranberg has written at the end of June:

Al Russell (who filled in for Pastor Lightner at Christmas) passed away last weekend. He didn't show up to feed his wife Carol at the nursing home. They contacted someone in the park to check on him. They found him by his motorcycle. Must have had a heart attack

Hope Bradford also wrote at the end of June the sad news:

I just got back from Tn. My granddaughter Amanda Bradford died June 13th. She was Scott's youngest daughter 36 and left two daughters Serenity 7 and Harmonnie will be 4 in July. It was sudden and they were to move in their new home the 8th of July. We are with heavy hearts but I know God is with us.

Marilyn Bullington's mother just passed in IL. Marilyn traveled to be with her. We have deepest sympathy for Marilyn and her family.

I received this sad note from Virginia VanAlstine:

It has been a hot one here. We did get a nice rain last night.

I spent a couple months in the hospital at MD ANDERSON from April on for a new trial treatment since my leukemia came back. It did not work. There is no more treatment available. I am on a chemo pill that should slow down the mutation of the blasts in my marrow.

We went to Florida to the beach last weekend. Balcony was perfect. Water was just beautiful. When we got too hot we went inside and played games. Denise Todd and Brandon went. We had such a great time. I get labs twice a week so just fit our trip in
I have been getting blood and platelet Transfusions weekly

Feel pretty good today. I tend to need more naps as I tire easily.

Hope this finds you well

Prayers for Virginia, please.

A nice note from John DeVaney:

Good morning Pam, thanks for the updates. You are in my prayers every night. Elaine and I are doing ok. as with others our age we have slowed down. But thank the good lord we are doing good. Our sons always come and help me when I ask them.

Your friend ,John

We just returned from Alexandria, MN where we attended Gary Brink's Memorial Service. There were around 20 Tipsters who honored Gary's memory. Hoping the picture comes through.

Quick update before I close....I'm doing well. I will return next week to Houston for treatment, but so far...so good. Drs say I'm responding well to treatment and I am still without pain or side effects from the drugs. Thank you for your prayers. God is Good!
