Good morning everyone

We have 257 Guests on 170 Sites

A couple notes> Of course still need to be aware we are in Hurricane season, less the water rained yesterday in McAllen but not here in Pharr, go figure.

The Palm trees are being trimmed, going fast and looks like a nice job, Tennis courts has first base coat on looking good, and of course the Indoor pool still in limbo as they are waiting on the other part to mix with the plaster hopefully soon, as the outdoor spa is also waiting to be plastered along with still trying to detect where the leak is for the outdoor spa.

Wilder corporation has purchased a few travel trailers we are to receive 4, to be used as rentals. So far we have received 3 in one more to be delivered.

On a good note, was on the News that Don Wes Flea Market plans to rebuild.

Eileen Waltz asked if we could announce the passing of Charlie Waltz, so keep her in mind and prayer at this time.

All I have safe travels if your traveling and enjoy your summer season is going fast.

Al

Pam's Notes

Good Morning from Central IL where we've had some much needed rain. The crops look good and the darn grass keeps growing. One forgets how nice it is to have a yard man at the Tip....who occasionally mows. Sorry to say but true!

I am taking liberties in passing on a FB note I read between John DeVaney and Marilyn Stranberg. If I may quote:

John Friday, July 29 Hi Marilyn, I am having back problems. Having trouble standing and walking. I have had one back shot, going to get another one. If that doesn't work, I will have surgery. Trying shots first due to my age. How did Chuck's surgery go?

Marilyn....He is improving. He has moved up to the cane now. He walks around the house and I hope to walk with him outside tomorrow. The pain is dulling so on the mend.

So glad Chuck's surgery has gone well and wishing only the best for John. Prayers needed for both, and for Marilyn and Elaine as caregivers!!!!

No other news to report this week. Off to Houston next week. Scans should tell about the small spot they found on the spine last month. Knowing the Lord will look after me.

Have a good week. Stay safe...Covid again on the rise!!!! Pam
