Tip Manager

Good morning everyone,

We have 260 Guests on 175 Sites

A couple things, of course we are still in Hurricane season, stay alert and keep things secured the best you can.

Tentative this coming Thursday they will be here to retrim the Palm Trees around the Pool, getting rid of the seeds hopefully, and not going thru the filtering system.

We will start to re register vehicles first part of October, when you update your files along with this we will not be using the dangles, so no more dangles

Hope you all have a great week and be safe if your traveling or just hanging out

Pam's Notes

### Good Tuesday!

**I was in treatment last week, so this week I'm sending two minutes. Even though I've had good results with treatments and have had both eyes go through cataract surgery without any trouble, I've been sad to learn of two past Tip residents and friends who passed. First Thelma Carl. Long time square dancer and close friends with my mom and dad. Thank you Kathy for letting us know.**

I had a call from Bruce Carl last week. Thelma passed a few weeks ago. Bruce and Thelma live with Steve around Buffalo NY. Bruce, Thelma spent many years at the Tip with Steve visiting often. I don't have an address for him. I do have a phone number

I'm doing well. Hope to get in more traveling in the coming year.

**Next I was devastated to learn about Virginia. We tried to cross paths several times at MD Anderson these past two years.**

I wanted to let you know Virginia (Ginny) Van Alstine passed away Aug 31 after a long battle with leukemia.

**Denise Berendes Ginny's Daughter**

**Please keep both of these families in your prayers.**

**For some better news....DeLoris Simpson has a request she'd like for me to share:**

Good morning Pam I am wondering if it would be a reasonable request that in a future email you would ask if anyone heading south has any unwanted the yarn that I would appreciate it as I am making baby and toddler Afghans for the sewing room. I'm bringing over 20 afghan's I have made over the summer from donated yarn ☐ from last year

**I will have more radiation on my spine the last of October....so sorry to miss Halloween. Hoping someone helps organize a party. It's already getting cool in Central IL Are you packing to go south? Hoping to see all in Nov. Have a good week.**
