Pam's Notes

**Good Wednesday morning from Houston:**

Reporting that both Pete and I are still North. Pete is doing great and just waiting to be released to fly from his cardiologist. Scans show no residual effects from the ?? TIA (if that was what it was). Brain nothing showing on his brain scans. I would make a joke about that, but will leave it as a God Sent!!! I had colposcopy surgery last week, but have recovered and am eating again. One doesn't realize how good food tastes until you go without for a week to 10 days. Back to the feed trough for me. I am scheduled for radiation next week on my spine. Pete flying into Houston next Tuesday and we should be back at the Tip at the end of next week.

My good friend and neighbor, Lois Doubet fell at her assistant living and has broken her hip. Our prayers go out to her.

I learned that Steve Eikenhorst has recently had hernia surgery and is recovering well. Only problem is that he thinks he should be able to drive. Good luck to his wife, Pam in corralling him.

One sad note.....Mary (Lee her husband) Olson passed away. Funeral service was on May 5th in Cape Girardeau, MO. Prayers for the Olson Family!

No other news from me..... Pam
