Al reported that there are 588 guests on 407 sites, but that number may not be accurate. There is a rumor on \$5 late fees. This is incorrect. It is \$35 late fee on rent and electric and storage not paid on the first of the month. The fees kick in on the 5th workday past the due date. Work orders are prioritized based on safety concerns, which are done immediately. Lower priority is given to items such as leaves, etc. Al reminded us that, since the season is winding down, to close our mailboxes if we are leaving at least two weeks in advance and let the office know and secure our units.
