Sorry I'm so late in getting this out...I took a little trip to San Francisco to see the Golden Gate Bridge. Beautiful county to the North and a fun city. While I was away, my dad, Earl (Shorty) Hancock had an ulcer flair up and was in the hospital for 5 days. After a few pints of blood and plasma...he's back on the mend. The good Lord is looking after him.

Dan took a load of windows to Ohio and had breakfast with Dick Ball and Jim Meyer from Sidney. The summer seems to be going well for each of them.

I had a nice note from Elmer and Eileen Mears:

Dear Pam and Dan:

Thanks so much for the MMM news. If we didn't get the news from you, we would not have known about Floyd's heart problem. We will get a note off to him. We were so glad to hear that he seems to be doing so well. Hang in there both Carol and Floyd! We'll be thinking of you and saying prayers. You sure don't appear to be a person that would have a problem like that.

We do enjoy getting these updates on all the activities at the Tip. THANKS SO MUCH.  
Elmer and Eileen Mears

Also had a note from Newt Straup about Bob Wyant:

Just had a talk with Bob Wyant on the phone. He called me from the hospital where he is recovering from triple-bypass surgery. He did not have a heart attack. In the process of a check-up it was discovered he had some blocked coronary arteries. He is feeling fine — had the stitches out today. I am sure he would like to hear from you. He has not been on Echo Link because of a glitch in his program.

His address is: Robert L. Wyant N4YHI  
101 E. Sioux Rd. #1389  
Pharr, TX 78577

And last but not least the minutes for a July 3 MMMeeting: Pam  
MONDAY MORNING MEETING  
July 2, 2006

Meeting called to order by Jeannice with the Pledge Of Allegiance.

Hospital report by Ray Pepe:

Ed Mers had a mini stroke and not doing good. Bob Wyant had Triple By-Pass at Doctors of Renaissance and is doing well. Joe Baker is to have a heart cauterization done today at Drs of Ren. Ron Penwell is at the meeting and his eye is doing good. Dave Sturgeon hasn't had good result with chemo so he is off all medication and is planning a trip north with his friend. Dale Virden's bone cancer has decreased by 80% and if he can tolerate the chemo they hope he will be able to have his heart valve operated on in the near future. No one has heard from Ethel Communale, but the chemo seems to be doing good and she should be on her 4th treatment.

Ray offered up a prayer for all of the sick and their families and for the residents and staff thanking God for all we have.

Rolls were furnished by Bob And Jean Claire Miller.
