Good morning to all: Hopefully the end pictures will come thru. I didn't realize what they were meaning about chipping away the inside pool. Major work. In my opinion, there will have to be some major work on the new building if they're expecting it finished by this season's use.

I'm needing news to pass on to the group....so please let us know of any updates on you and yours.

Next week several will be in Moline, IL for the Tip Get Together. I'm sure they'll all have lot's to tell us about the week's activities. Wishing for good weather to play tennis and camp.

Hope everyone has a fun, SAFE Labor Day. Pam

I have attached 5 pictures at the end of this email it takes about two minutes to down load. So read this email slowly and by then the pictures will be ready for viewing. Pictures 1,2,3, & 4 were taken by Ray Pepe Aug 25th. Picture 5 was taken by Midge this morning Aug 28th.

Hi to all again, its a georgeous day in Texas wish you were here. The pool has all been chipped away down to the place where they can now re-do it and paint it, NEW steps are already there at the railing on the south side ..So things are improving here every day. The ball game last nite must have been a dandy as everyone was excited about it at the MMM. Will let you go now so you can get to the photo.
