Good morning to all:

Sad news to begin with....Sarah and the late Wendell McDaniel's grandson was killed in an auto accident over the weekend in northern Indiana. Our condolence and our prayers go out to Sarah and her family.

The weather has not been cooperating in central Illinois. Last Saturday's tennis attire was long underwear, turtle neck, jacket, lined warm-ups, ski cap, and gloves. And, I wasn't too warm at that. It is time to head south!!!! Especially when I talk to Zee and Marvin Chapman, who happen to be at the Tip working on my unit (Bless their hearts!!) and they tell me how hot it is and think they'll go to the pool. I'm suppose to pass on that the Chapman's are both fine and keeping extremely busy. They have taken up a new sport....golf....so a fair warning to all those on the links: Watch out for the new Tiger Woods of South Texas. Of course I don't know whether that's Tiger or Tigress!

I take this time to publicly thank Marvin and Zee, Larry and Joann Booth, and Midge and Adair for working on my unit. Good friends are so precious and I love you all for all that you've done and for taking care of me.

A few notes to pass on.

From Don and Joan Phillips: I'm thinking the snow passed them by....but I heard that the cold winds made it as far as Syracuse:

Hi Pam,

Great notes from Tip friends. Hard to believe you are expecting snow!!! We are having the best weather we have had all summer — no rain!!! Warm days and cool nights - Perfect!

The kids and grandkids are anxious for Halloween and I am getting ready for Christmas as we celebrate on Thanksgiving. Hard to believe it's just around the corner. Don can't wait to leave for TX. As soon as it starts to get cool here, he wants to leave. We are playing lots of tennis but with the weather cooler, we play indoors and Don doesn't like that as "it's very expensive!"

Thanks again for all the updates,

Love - can't wait to see you,

Joan & Don

Also a note from Cyndi and Joe Ferguson...who also live in central Illinois and leaving this cool weather...did I say cool...COLD:

Dear Pam..... We just got done reading your mmm letter. Here's hoping every thing is going good for you..We are leaving for TOT on the 16th of Oct. Going to Branson for 3 days, then on to San Antonio to see our daughter Kelly . Should be in TOT around the 24th. You have a safe trip coming down to Texas, looking forward to seeing you again.....JOE and CYNDI.... We'll also look forward to soon seeing the Simpsons, that is if I get of Illinois in a timely manner:

Hi Pam,

Can't believe I've enjoyed your MMM and Tip happenings all summer and am finally writing back to you. Your news has kept us updated and lonesome for our Texas family. We are in the mist of three big uncompleted projects here at home but hope that they will soon be completed so we can be with "you all" at the Tip by first part of Nov.

One of the reasons I'm writing is to see if you would like three old wooden racquets. If so, we will try to bring them with us. Yes, everyone please bring your wooden racquets.

It is exciting to find out you will be our new neighbor and to hear you are doing such a good job of taking each day at a time. We've kept you in our prayers and will continue to do so as healing takes time.

In friendship'

DeLores and Cliff

And, like always a very informative note from Midge on what's happening at the Tip, without the rest of us. Well if all went well you are looking at the new building at its latest. The MMM was very brief today, Barb Sherbernaut is hospitalized in Mi with stomach problems it was announced and Charlie had been here and rushed back to tend to her. So many returned I hope I don't miss some. The Edlunds, Hazeltons, Ridlons, Coopers. Heydenberks, and on and on and I can't remember who else sorry,,, The Halloween Party is being worked up and goings on are going to be fun....It has to be great if Barb Horne and Peggy Amos are in charged. Hurry down and get here in time to attend, but have a safe trip getting here. The 23 is Adair's birthday and I will be gone from the park and not sending you the MMM but will try to get someone else to take my list and get it to ya without my MMMPlus my junk mail. Got mail from Bert Lavoie today he wanted Orval Eikenhorst's e mail address as he has a bad address and mail is returned so if any one has it would you

send it to Bert.. Gene Christen is on oxygen 24/7 He sure has had a hard time getting over his lung problem.The 4 computers were installed in the Library on the wall where there was a couch and Return Books table. Now RETURN TABLE is across the room where the recliner use to be. So remember when you return your books you brought with you this summer they return table has moved. ha-ha If you have lost track of a friend do this on your address blank zaba search and enter the name and you will find most folks there and their address. What all these computers have is amazing and SCARY TOO. Well folks I will close and let you read the MMM. Take care and hurry back.
