Hello All: Just received this and wanted to pass it on so we'd be back on schedule. I had a few minutes, so thought I'd just say "Hi." I wanted to let you know that my mother, Rose Ann Hancock, is doing quite well. Went to the doctor this a.m. and she received a thumbs up on her condition. Very good news. She a few medications that she has to take, but other than that...she's fine. Thank the Good Lord for looking after us.

The summer is flying by, I know several of you are or will be traveling. Let us know of your adventures...we all like to know how you spend your summer months.

Marvin and Zee Chapman traveled to the Big Apple with their sons and daughter-in-laws to celebrate their 50th anniversary last week. They hiked Marvin all over New York looking for the famous Cowboy in Times Square but could only find the "Naked Cowgirl." I haven't seen the picture as of yet...but when I do, it'll be passed on.

August get together in Traverse City, MI will soon be here. If you can come to the North Country and join us, please contact Jack and Brenda Muller at [bandj10@netzero.net](mailto:bandj10@netzero.net) They are planning lots of things and activities to keep us busy Aug. 20 - 27.

Have a good week and e-mail me.....Pam
