Hot, Hot, Hot.....that's the weather in the Midwest and here Texas is steaming, too. Old farmers' are saying extended hot weather in August means a cold winter, so it's a good thing we'll all be together at the Tip.

The Tip Get Together will be held next week in Traverse City, Michigan. Jack and Brenda Muller have graciously volunteered to be our host. Even if you're not a tennis player, come and join us for a week of fun and friendship. Need information, e-mail Jack and Brenda at: bandj10@netzero.net

We still haven't heard from several of you. Drop me an e-mail and I'll pass it on to the Tip Family. We're always interested in your summer happenings. This is a great bulletin board with a e-mail listing of over 65 families.

Have a safe week...and keep cool. Remember we'll be in Michigan next week and away from the computer. No MMMeeting next week.

Looking forward to seeing you in Michigan. Pam

MONDAY August 13, 2007

Lavon opened the meeting at ten A.M. We said the pledge to the flag.

Lavon gave the hospital report: Dorothy Whidden and Mary Gray are still in rehab at Legends. They are both continuing their programs. Mary now has to complete a 60 day recovery program. Keep up the good work ladies! Ethel Comunale has 2 more Chemo treatments, and is doing so well she is walking about 4 miles a day. Can't keep a good gal down.

An ambulance was called for Ruth Burda on Saturday. She was not taken to the hospital. Ruth is recovering from recent knee surgery.

Hope Bradford has requested prayers for her son, who has kidney problems.

Ray Pepe led a prayer for these friends and for many others.

Ray reported that the Coyotes won last Thursday's game. The last game

will be on Wednesday, August 22. Admission will be free, so sign up for your tickets now. There will be fireworks that night to end the home season.

Gather at the flagpole at 6:00.

Refreshments today were provided by Leila and Richard Bishop and their daughter Deandra, to help celebrate Leila's birthday.

We decided to have an indoor picnic on Labor Day. We will work out the details next week.
