Another week's gone by....that means it's just that much closer till we all meet at the Tip. Central Illinois has had beautiful weather this week. Nice enough for lots of yard work. I did get to go to Toledo, OH over Labor Day and sailed on a 35' racing boat on Lake Erie. Lucky me, I've been out on 2 of the Great Lakes within the last 3 weeks. I admit, there's some great country up North.

I've had a troubling letter from Mary Gawf that I want to share. Please keep her in your prayers:

Hi to all!

This Wed. we finally got to the right doctor. Long story short another trip to St. Louis and a Doppler on the arteries in my legs. Sure enough several blockages or narrowing of the arteries. The way he explained it was the arteries were starving for oxygen and creating cramps and numb cold feet. Like our folks used to say hardening of the arteries in my legs. Funny the veins were ok. They also found blockage to the kidneys.

First thing first. So Monday they will call me with the results and what to do next. We're a thinking and hoping they will do an actinogram and if necessary put some stints in. The doctor has not had time to put the blood work with the previous tests to make a decision on what to do. They will call Hopefully schedule it for Tues. We'll keep you posted.

Cheyenne trip was great, just could not walk. I had to use a wheel chair and trolley in the air ports and that was embarrassing when I am used to barreling my way through.

We cancelled out on Traverse City because we knew I could not keep up much less play tennis. So we saved our money hoping we can still go to Ireland Oct. 5.

As ever, Marty

I'll keep you posted if I hear more from her.

The Tibbett's returned home from and extended trip and Sheryl wrote:

Hi Pam,

Just a quick note to let you know that I have been enjoying catching up on the emails from you on the tennis group and the MMM's. Sounds like a lot has been happening to our friends at the TIP.

Russ and I arrived home after being gone for 10 weeks. We were so glad to get home, and had a wonderful trip, no accidents.

We stopped to visit Jim and Judy Pietz in Oregon City, Or., they were first timers at the TIP last year, and thinking about joining us this coming season. We also visited Joan and Wayne Nesbitt in Vernon, BC., and came through Omaha, Ne. to see Joan and Ed Cuda. They gave us a report on the tennis week, and sounds like everyone enjoyed the week.

We are looking forward to getting back to the TIP around Thanksgiving. Thanks again for all that you do sending out the great information.

Sheryl

Sounded like that was a nice trip out west. I'm sure they saw beautiful country.

Please keep those notes coming so we can share with all our Tip family. It's so nice to hear from you. Have a good week and drive carefully!!! Pam

Monday September 10

Jennice called a very short meeting to order. We said the pledge to the flag.

HOSPITAL REPORT:

-MARY GRAY AND DOROTHY QHIDDEN ARE STILL IN REHAB.

-JACK GRAY HAD EYE SURGERY THIS WEEK.

-JACKIE RIDDLIN HAD WHAT WAS THOUGHT TO BE A SLIGHT HEART ATTACK, BUT NOW THE PROBLEM IS THOUGHT DUE TO STRESS. SHE IS DOING WELL.
