

Can you believe that August is over....but you know that means it'll soon be time for the most of us to head south for the winter. Yea!! To begin with it has been finalized that the MMMeeting will now be meeting at 9 instead of 10 on Monday mornings. The follow is a directive that I received:
FROM: Gene & Bonne Christian, Division Manager - Wilder Corp.
Sara Patterson - Activity Director

It is the goal of every Tip O' Texas employee to provide the highest level of service possible to our resident. The decision to change our meeting time was made in an attempt to accommodate the many requests and visitors we receive each day. The activity office is the busiest between 10:00 a.m. and 2:00 p.m. and by moving the time to 9:00 a.m. we will be able to be in the office where we are needed. This simple change will allow us to better serve all residents.

I know that there will be conflicts....but if this helps out Sara, maybe we should give it a try before any of us criticize the change.

I heard from John Beilke. We have a celebrity we have in our midst. Of course after the Tip Chorus performed last spring...we all know what kind of talent Nancy has to share. Here is a note and some pictures of her summer experience: Please check out the attachments.

Here is a little update on John & Nancy. We are on a little vacation out West in CO. and UT. I had to pluck Nancy off of cloud 9 several times. She had a unique opportunity to sing with the Mormon Tabernacle Choir in their Salt Lake City location, just a few weeks after we heard them perform in Omaha when they were on tour this summer. It was a very unique invitation, and one that she could not believe was happening. She and one other person was selected, and Nancy was the only non-Mormon to get this opportunity. I am attaching 3 pics, two of Nancy's singing experience, and then another pic which shows the job I had to get to support our trip out West. In the one pic Nancy is in the center of the pic in pink. Today, we were in Moab, UT....a grand scenic area of red rock buttes, and we will east to arrive home the end of the month. I haven't totally ruled out the tennis get together in the St. Louis area, however, right now it seems that conflicting schedule, and some minor health issues may prevent us from attending this extravaganza. Hello to you and all the TOT community. John and Nancy Beilke
Speaking of our tennis get together....St. Charles, here we come...We still have camp sites and cabins available for any of you who would like to join us. We won't even make you play tennis, but I'll throw in a couple of extra rackets in case we can talk you in to it.

For all of you who are planning on attending..don't forget to bring a couple of cans of balls. I'm hoping the weather continues to be as beautiful as it has these last two weeks. Nights are cool and the days bright and sunny with no wind.

So until next week. Pam

The meeting started with the pledge to our flag.

At this time there is no resident in the local hospitals. The latest information on Stanley is that he had been taken back to the hospital because he was bleeding internally, but has been returned to rehab.

There is a request for prayers for Perry Davis who is in Afghanistan. Please also remember Deanna Piska, Jean Claire Miller, Harold Brooks, Joyce Haupt and Pat Allen in your prayers.

Robert Wyant led the prayer.
