Hello: Burr....getting cooler everyday here in the Midwest. Definitely time to finish up and head South. I know that many of you are planning on leaving for the Valley in the near future, so please drive carefully. We need to keep Larry Booth in our prayers for his surgery tomorrow. They are in Houston and we pray this procedure will help. Please keep praying for all of those on the Tip's medical list.

Have a good week.....Pam

The Treasure table is up and running. Please remember that this operates on the Honor System—if you take something off the table, please put a little something in the cash box.

Sara has scheduled a Thursday Big Band Jam to start in January. She needs to have your input as to how many musicians would be interested and how much interest there is among the residents. Please let her know ASAP.

Also Sara is still waiting for feedback on the TIP calendars. There was some discussion that the price of \$10 would be too high to make it economically feasible.

The Exercise room will be closed tomorrow Oct.6<sup>th</sup> from 7-4 , due to the waxing of the floors.
