Thought I'd get this out while I was at the computer...I received note from the Simpsons:

Thanks Pam for helping us to keep up on our family back at the Tip and what is going on while we are away. We arrived home safe after 3500 miles. We took the long way home by way of Charleston S. Carolina to see Cliff's uncle. Spent four wonderful fast long days, had to take in the sights as long as we were there. It's always good to get home and then you look around and see all the work. Took everything in from the van just so we could find clothes to wear to two days of a wake and funeral of a dear friend of some 40 years. Then we got a look at our yard filled with dandelions, so spent another 10 hour day spraying and weeding flower beds etc. Next came the unpacking, bills, mail etc. I guess you all know the routine. Now we are contending with water problems. Bathtub won't drain and dishwasher flooding over my wood floors and down through the floor to the basement. Oh well, I'm still glad to be home but not so sure about Cliff. Life was easier when all he had to do was grab his gear and head for the tennis courts. In friendship, DeLores  
Like some of us, sounds like they are busy getting their Northern home back in order.

Sorry to say I lost Delores Russell's e-mail, but I do want to report that they did arrive safely back to Indiana. Good luck to your new gray hounds.

I would like to bring to your attention that Thursday is National Day of Prayer, even though it is reported that President Obama has decided that the White House will not participate in case it offends someone. Also we need to keep those in Nashville, TN, homeless by the flood, in our prayers.

Have a good week. Keep me posted on your happenings. Pam

MONDAY MORNING MEETING – May 3,

Would everyone please stand to say the Pledge of Allegiance

Star Spangled Banner

So that everyone can hear what is being said, please keep your talking to a minimum.

HOSPITALREPORT – Connie Harmon – Bob Egnew passed away Sunday, May 2 at 3 p.m. Pray for Connie's husband who is going to be having eye surgery. On May 6th (which is National Day of Prayer) she will be in the Chapel at 9:00 for prayer.

Some of our residents have received phone calls from the Pharr Police Department wanting to solicit money – this is a scam. Mr. & Mrs. Leach went to the police department and talked with Officer Mike Mata and another office who told them the Pharr Police does no soliciting on the phone. Scam's are going around so be careful.

On March 29th I asked everyone who had a mat in the tennis room to please take them out if they still wanted them. Just want to remind everyone that I will be cleaning out the room and there are still several mats that have not been used for quite sometime. If you have one, please take it out, otherwise it will be thrown away.

HURRICANE PREPAREDNESS: Elsa Sanchez will speak after the MMM. She told us a lot of things to consider, but the most important ones was to sign up for the Code Red (# 1-866-419-5000) and to sign up on 211 which is for all of us, but mostly for the handicapped to evacuate them in case of an emergency.

There was also a Fireman here to talk about National Fireman Protection week. He was asking for volunteer's to help out. He was from the Pharr fire department.

Bonnie talked about the propane. We are use only Rio propane, because that is who the park has a contract with.

OTHER INFORMATION:

THURSDAY THIRSTY: Vera Janis

Mary Kitkowski

Kathy Hall

Joke: Joe Strain

REMINDER: STOP SIGNS – PLEASE STOP and OBEY, especially in your cars. If you are walking – please make sure the car is going to stop before you start across the street – the same for bicycle. Be careful of the other person. Also, we need to remember not to drive on the wrong side of the road, whether you are in a car, cart, on bicycle, scooter, whatever and turn on the lights of your cart. It is hard to see a cart without lights. Be courteous of your neighbor – PLEASE - QUIT SPEEDING ESPECIALLY ON SHARM.

Please stand and sing “God Bless America”

Vera
