Still Hot here in Central Illinois....Summer is rushing by and I feel guilty by not getting enough work done on the inside of the house. I hear from many of you who are remodeling and all I need to do is maintain. I still can't seem to start any simple projects like repainting. OH well!!

It's been a quiet week and I haven't heard from you. Grape vine did report that Bubba has left the park and is working for the city of San Juan. He cleaned his trailer and supposedly it has been sold. There has been no report on his predecessor or that of Bonnie's replacement.

Let me know what's going on with your lives and any news we can pass on. Keep cool and keep safe. Remember those who are in need of our prayers and add those families who lost loved ones this past week. Listed below in MMMeeting.

Pam

Monday Morning, August 9,2010

David Ochs led the pledge to the flag to open the meeting.

Clarence Weber led the singing of the national anthem.

Connie Harmon gave the hospital report:

*Connie is having blood tests this week.

*Ellen Fedorzyks fell and broke her shoulder. Her husband Joe had a growth removed from his throat. She must sit still and he can't talk, but they both are recovering.

*Marty Wilhelm has had a leg swollen from the knee down for the past three months-Doctors are still searching for the cause.

*Claudette Belanger is suffering from lung cancer. She is undergoing chemotherapy.

Many sad items to report today..

*Harold Phillips has died.

*George Graham has passed away , our sympathies go to Martha.

*Ruth Totter (Karen Bonnell's mother) passed away.

*Raymonde(Ray) Harm has died.

Connie said a prayer for all.

There were thirty here for the potluck supper last night. Kathy reminded us that there is a small charge each week to meet the cost of the main dish. She did not receive enough yesterday to finance next week's dinner. Next Sunday the

main course will be a choice of either fish or chicken baked with veggies in paper. Be sure to indicate your preference when you sign up. Joanne and Larry Booth have donated some of the fish-so we know it has been newly caught.4:00MH

Thirsty Thursday Out will be at Red Lobster on north Tenth Street.

Be sure to sign up so we can make proper reservations. 4:00

Today is Joy and Dave Ochs' 50th wedding anniversary. We sang "Happy Anniversary".

There still is no news on a manager for this park. There are many rumors, but no information.

We welcomed Jeannice and Lavon back from vacation.

Jackie and Ben Ridlon are here for a couple of weeks.

Clarence led us in singing "God Bless America".

Thought for today: Things turn out best for the people who

Make the best of the way things turn out.

John Wooden
