Sorry we're late with the MMMeeting this week. The Ochs had medical issues to deal with and Dave has shared with us what they have learned. We wish them the best of luck and will keep Joy in our prayers.

I am sending these obituaries after the fact. John O'brien (Always a big Thank You, John) had passed them on to me last week, but I thought I'd wait till my normal mailing:

Attached are copies of George Graham's photo on the Veteran's Board and two photos that I took of George with his Kamikaze Survivor medal. I had to cut his brother, who was in the army in WW II, out of his military photo to put it on the board.

I'm hoping these 3 pictures come thru to you....George was such a special guy and will be missed by all of us.

I'm sorry that this message is looking more like a newspaper listing. Now for some good news.

I had a short note with info from the Scheibels:

Hi Pam, First of all thanks for all that you are doing. It means so much to keep in touch. Henry is doing better with his foot and the sciatic nerve. He will probably always have the limp but that is from an accident when he was 7 years old.
Thanks again Donna

The Tibbetts wrote:

Hi Pam,

Thanks again for letting us all know what is happening with our winter friends. So may deaths here lately.

We just returned from a five week camping trip up north and visited Don and Mary Mitchell and had a lovely time. We enjoyed the nice cool weather as here in Kansas we have been having 100 plus temperatures. I do believe that we came home too early, but missed the grandkids, and after that long of time was ready to be home.

I can't believe that before we know it we all will be packing and heading back to the TIP. Looks like we will see several changes when we get there.

Have a great rest of the summer, and see you this fall.

Russ & Sheryl Tibbetts

Midge always adds news from the Tip that we enjoy hearing about. She added this last week.

Lisa told me direct yesterday that there will be no park manager. Al Hatch's office is here and he is our park manager???

Marie is back as I saw her Monday here in the main hall. Was told, not by anyone in charge????, that Hector is quitting and working at the Walmart garden shop. I can't elaborate as I can't remember whom I heard that, except it was in the main hall at morning coffee. Little by little the tiny bits of gossip does get here. Haha Midge

Nothing official has been said, however it appears that Hector is now doing the job that Harvier "Bubba" had. Maria is the only maid we have and she has come back to us after having married and left this park. We are happy to have her back. Lisa is the only one in the office at present time. Sunday dinner for residents was great as it has always been. Much left overs though as some who signed up didn't show up. I personally hope when you all return that Kathleen K (Kathy Halls daughter) continues the sunday meal as it is really a nice sunday dinner outing for us and a social hour as well. They are still working near the school on Sioux Rd to get the "Lift" and drainage etc working. This will be the 3rd week of that road being closed to the east of us. Well again I must say I thoroughly enjoyed my 2 month vacation however I am so happy to be back "HOME". My son in Tucson wanted me to come back and sell out and move to Tucson, however I wasn't that thrilled with Arizona, although I did enjoy my stay..LOL Have heard from Norm and Ilene Jenson that they have had company, company and company since being back at Eagle River. His procedure went well and plan to return in Oct. Ilene is having somekind of therapy??? Wasn't told what kind..Hope she is OK!!Come the first of Sept we are hoping that all of you who go to you Lakes for the summer, HEAD to Texas as your missed. I have had several tell me my phone no in the Park directory is wrong. It is. I disconnected the land phone and only use the cell phone by verizen which is call free from one verizon to another verizon and that number is 956 460 3159. I had a note from Gail Polonus and she was hospitalized right after getting back to Mn. but is ok now and planning on returning. I visited with the Boones, my neighbos to the west of me here, while in Tennessee. They were both well at the Time however she has had cataracts removed and no longer has to wear glasses and sure looks different to me. LOL..Well nuf sed !!!

And finally a note from Dave and the minutes. Have a good week....Pam

Sorry I am late with this, but we are traveling and did not have Internet service for a few days.

Joy had her appointment at Mayo on Thursday and the Dr. says there is and 80% chance he can help restore her sight in her right eye and will work on her left eye (which is is not as bad) after fixing the right one. The bad news is that he can't do anything until her appointment on Sept 29 and then it will be several weeks before all is done, so it looks like we will not get back to the Tip any time soon. We will be headquartered at our daughters in Sioux Falls SD.

Thanks for everyones concerns and prayers for Joy
