Hello, We are having Indian Summer here in Central Illinois. It's been in the 90's all week. I should be winterizing the lawn..but instead I've been trying to get in some last minute golf. Traveled to southern Illinois to Makanda last weekend. They have a Vulture Fest in October. Now I ask you...what would they be serving at the festival?? Vultures????? I may pass that one.

I'm still on the go ...leaving for Ireland on Sunday...This will be a short one week bus trip. Looking forward to see Belfast and northern Ireland. I must have been Irish in a former life. I have that calling of the Green in my veins. I do hate to think it will only be in 60's for high and 40's in the evenings.

Zee Chapman sent us a Thank you note. We're so glad she's doing so well. Soon both Marvin and she will be up to par.

Thanks to all of our "Tip" friends for their cards and calls during my recovery from surgery. I am doing very well and will start therapy this week to regain some strength and flexibility, The doctor has assured me

I will be able to return to my tennis and golf in a few months (can't wait), I don't sit around very well without action and excitement! We hope to be heading to south Texas sometime in Oct., looking forward to seeing

everybody again. It is kinda like a "family" reunion when we all return to the Tip. Hope ya'll had a great summer! Zee

I also heard from Kay Peterson:

Thanks, Pam for keeping us up on all the news. Seems we have been busy all summer in between repairs. Jerry had cataracts removed on both eyes. Has 20/20 vision in both. Amazing after wearing glasses all his life. Will be leaving for the Tip the last week of Sept. for about 7 weeks. Then back home for the holidays. and returning the last of December. I want to remind everyone to bring their motel toiletries for the Women's Abuse Shelter in McAllen. We will be filling bags again the first part of February. Sorry to hear of all the illnesses, sicknesses and deaths this summer. We will especially miss our dear neighbor, George Graham. See you soon and thanks again for the weekly info. Jerry and Kay Petersen

Let's remember our little travel bottles for her shelter. Won't be long before we're back together at the Tip. For those of you leaving shortly...please drive carefully. Have a good week and know I'll have a taste of the Bailey's in your behalf.
Pam
