Oh my...here it is the middle of October and I need to leave at the end of the month....I really have to get my act in gear. Finished up the yard work today, except for the leaves and my ornamental grass. I just couldn't bring myself to cut it while it's just now in bloom. Hope the weather holds so that it won't be 20 degrees when I do decide to cut it.

According to the MMEeting we now have new Tip directors. If anyone has any info, please share. We'd like to know more about the couple. Also it has never been mentioned just who is the head of maintenance.

It was still high 70's today. I'm working at a local pumpkin farm giving school tours and the weather was perfect today. Hope it's this way in TX all winter.

Heard from Thom McCann that the doctors release him to fly back to McAllen. He's back at the Tip and even thinking about getting back on the tennis courts. Speaking of tennis....we're in need of an instructor for beginning tennis this year. Don and Joan Phillips will not be at the Tip until the end of January and Glenn Elliott has arm problems and will not be able to teach. If you or someone you know could help us out, please let me know.

There are several places where we need volunteers to step up and help run the programs at the Tip. If you have extra time....please come help.

Hope to see you soon at the Tip....Pam

We are changing the entrance gate from Sioux Road to Sharm. They are working on Sioux Road so this needs to be done.

I will again add a note about Joy's eye surgery.

Her check up went well and the DR. said the pressure is coming down, it went from 27 down to 19 and he said he thought it would continue to come down thru time. It ahs to get down to 12before we are happy, but it is a good start. Her next appointment is Nov 1 for another check. Thank you all for your thoughts and prayers. They did definitely help. Dave
