We've had our share of storms here in TX. Last Thursday evening the Valley was hit by a severe lightning and thunderstorm bringing 7" of rain to the Tip and large hail around 10th and Nolana. As far as I know the only damage in the park would be few leaks. Yesterday Dallas was hit with tornados. I spoke to Marvin and Zee Chapman last night and they, and their family, are safe and unharmed. Several of you have left the Valley and traveled home. Many would appreciate hearing you have arrived safely. Just drop me a line and I'll post.

Happy Easter.....Wishing all a good week. Pam

Monday April 2,2012

We began with the pledge to the flag and the singing of the national anthems of USA and Canada. Marilyn Stenberg and Rene St. James led the singing and Jeanne Zipf played the piano. Lavon asked all who will leave this week to stand and he wished a safe journey home with a speedy return next season..

Connie gave the hospital report:

- *Eileen Jensen and Midge Sykes are at Legends.
- *Cindy Furgeson is also at Renaissance.
- *Joe Champolien is still at Doctor's hospital at Rennaisane.
- *Paul Barcenas is home after heart surgery.
- *Shirley Karolis is home.
- *Jane and Gerald Strating made it safely home. He has gone into assisted living.

. Connie said a prayer for all these friends.
