Hi from Central Illinois:

Made it home last weekend. The house looked good, but I think the weeds have taken over the flower beds. There's lots of yard work to be done, but the weather is mild for the end of April/first of May. Hope you have made it back to your homes and things were fine. Thanks to all who have dropped me a line to share with others.

Thanks for the notes & hello to camp Chapman! We made it home in good shape after a stop in Springfield, MO for lunch and to drop off Shirley Fellin's scooter. We then ended up in Salem, MO to drop off Jen's Mom and get her settled. Next we got the RV setup in St. Charles. All in all a good trip. One funny note, as we departed the TIP I asked Jenny to get me 3 Advil for the ride and low and behold she gave me 3 Advil PMs to start the 600 mile drive to Ardmore, OK. :-)

Blessings,  
 Bob & Jenny Faasen

Warren & Jan Martin: Thanks Pam for sending out the MMM notes. Good to hear about everyone's trip home. We arrived in ND late in the evening on April 7. It was quite a trip for our van pulling a trailer with 2 motor cycles, 75 lbs. of onions, grapefruit and as Warren calls it--"lots of stuff". With two women in the car, we have lots of treasures! We really saw the country because we certainly did not break any speed limits!! The last day we had strong north winds which really slowed Warren's goal. We were very thankful to have missed the nasty storms that went through the country. We arrived home just in time to celebrate Easter Sunday on Monday night at our home. What a treat to see family. Have a safe and wonderful summer. See you all back at the TIP!

*Hey thanks for the travel news for so many of our Tip friends. Our daughter and son-in-law arrived sat afternoon and Daughter and Millie flew out of McAllen Sunday morning and landed in Fort Wayne at 115Pm Sunday afternon.*

*Son in Law Alan and I left the park at 532 Am Sunday and arrived in N Manchester at 6pm Monday evening. sure spoils me to have a co-pilot and driver. Millie was at the daughters hose and supper was ready. Good timing. Charlie & Millie Craig  
 Have a great time in branson. TTYL*

We arrived home on Sunday, the 15th. about 11p.m. We had stopped to visit our son in Louisiana for a couple of days. Lot's to do after being gone for so long. We had a fun time down at the Tip this winter and already miss our good neighbors and friends. It is good to see our family and friends back here. We are awaiting the title of Great Grandparents. Our granddaughter is in the hospt. now, so should be soon. Although I'm excited, I really can't believe I'm old enough to be a great. Where did the years go? Glad to hear that all made it home safely. It is going to be a busy summer for us, and I'm sure we will be ready to go back to the Tip, come Fall and Winter. Have a great summer and thanks for sending all the news on to us. Jerry and Kay Peterson

thanks for all the news. I send it on, so many others are enjoying keeping up with the comings and goings at the TIP. As I write this I am in Kansas City, KS with my younger daughter. Our older son, Bill, passed away suddenly at his home in Atlanta on Sat. the 14th. Our other three kids and their spouses all met us and we went to Atlanta for his Memorial yesterday. Bill is the one who suffered the nail-gun accident a year ago this past Dec. He just never fully recovered from that accident and his heart just gave out on him. He was 56. Such a shock. His wife and two adult children are doing as well as can be expected. They are all staying at her brother's home for a while. I plan to go back when they can face moving back into their home.

Please pray for all of our family. I will be returning to Norman this coming week. The kids just didn't want me to be alone for a while. Carilyn Glass

Have a good week.....Happy Cinco de Mayo Pam

Monday May 2<sup>nd</sup>, 2012

Lavon called the short meeting to order. We said the pledge to our flag.

Connie gave th hospital report:

Nearly everyone is now out of the hospitals and rehab.

\*Bob Leach is still in rehab.

\*Helen Hotchkin will have back surgery on Tuesday.

\*Horace Young has had a stroke, but he reports no damage.

\*Midge Sykes, Maxine Brooks and Eileen Jensen are now all out of hospitals and rehab.

\*Paul Barcenas is not only out of the hospital following open heart surgery, but he is here this morning to tell us hw he feels.

\*Mary Kitkowski is home after foot surgery

\*Carilyn Glass's son Bill passed away last week.

Andy Mugnolo is leaving the Park -his new address is-

Delta Retirement Center

201 Mall Drive

Apt. 45

Lansing , Michigan 48917

Connie said the prayer.

Tasty Tuesday this week will be at Sahadi on 10<sup>th</sup> Street at 3:30

Next week we will go to Gamba's -on Nolana east of the high school. Ten must sign up to make a go.

The Video room is open only on Mondays after the meeting.

The Activity office has quarters and stamps.

Front Office hours for the summer are 8:00AM-5:00PM m-

F. Closed on weekends.

Mary Kitkowski will make one last Sunday night supper this week—soup, sandwiches and cake-she needs helpers to help prepare and also a clean up crew. Supper will be at 4 PM Sunday –no charge for this treat! Sign up on the board so she knows how many to prepare for.

Activities this week:

Tasty Tuesday at Sahadi

Wednesday night dance with the Bottom Line Band 7-10 MH \$4

Friday karaoke with Barb Horne ABFH 6-9 \$1
