FINALLY....back on line. Anyone have any pull with ATT? What a hasel they have given many of us who are trying to reconnect our internet service. The right hand deffinatly does not know what the left hand is doing!! After spending alllllll day Thursday, I'm up and running. Well at least if you receive this, I'm back in business.

The weather has been perfect for South TX all this past week. Probably because I had to work all week to get the place back in order after sitting for 6 months. Anyway, cool mornings, heating up to the high 80's by late afternoon, and then cooling back down at night for pleasant sleeping. With a full moon shining through the palm trees, it can't get any better than that.

I found an e-mail posted by Clarence Weber lost somewhere in my computer. I wanted to pass it on:

Hi Pam,how are you doing? You sent me the Monday morning meeting for a while and I appreciated it. Would you mind doing it again, it is good to hear from our family there in the park. Were living in Valley Park Mo. now. Big job changing addresses and moving. I do get a rundown from Lavernes sister on the Monday morning meetings,Cherry Robinson once in a while. send my Love to all, and miss all Clarence I do have a computer for email now, if I learn how to operate it.

Word was received of the passing of Gerry Cohen. Here is his obit. Gerry was an avid Bird Watching and enjoyed playing cards, etc. He will be sadly missed by all.
