Rain again in central Illinois... of course we shouldn't complain after the drought of 2012. And, after reading about the flooding in Canada, a few thunderstorms shouldn't be an issue. We are planning on going to the Calgary Stampede the second weekend in July. Hopefully the Bow and Elbow Rivers will be back within their banks and the flooded areas will be cleared to enable the activities. We also are hoping the road to Banff will be drive able. We, traveling buddy Gwen and I, are looking forward to a trip through Canada.

I received an update from Gene McDaniel's daughter that I would like to pass on:

Gene McDaniel has moved home after 5 months in the Paris Healthcare from total Hip Replacement. He has additional home care five hours a day M-F. Muffin (**Gene's dog**) has even moved back home ! Cards and Phone calls would be appreciated, as he adapts to live without Hattie who died this past April.

Home address: 1606 South Main Paris, IL 61944 Cell: [217-264-3118](tel:217-264-3118).

We do wish Gene a full recovery. I also had a note from Graceanne Powell:

Mom (Jean) has not been doing well, its her heart and liver, not good, Pa (Eldon) is beside him self, so worried he can't remember anything, been very busy and worried for Steve too. Went to a back specialist and has two cracked vertebrae's When I find out more I will let you all know, **We're so sorry to hear about the McNaught's troubles. Wishing them only the best.**

The Shepherdson's have written:

Hi Pam and All: >From Carol & Floyd Shepherdson

First we have had great travels to Canada this year. We will not mention the rain and cold weather we have experienced last month. However we think starting this week summer is finally here.

Carol & I have made a few changes in our life in the past three weeks. We have rented an apartment for the summer, and not needing our trailer and truck, we traded them in on a small Jeep SUV. It should be adequate to carry our clothes etc. to the TIP for the next indefinite number of winters.

We are now visiting our daughter and family in London ON. for a few days and to take in our granddaughter's graduation from grade 8.

Our tennis club here is rather limited but we generally have enough to play for 2 hrs. 3 times a week.

Looking forward to a good summer and making plans to return to the TIP this fall.

Carol and Floyd

Al, Tips Park Manager sent the following notice last week:

Monday we are having an update on Hurricane preparedness by the Pharr Police Representative. Al wants to encourage all residents that can possibly attend to please do so.

He is also having a surprise thank you to Marie for being a loyal employee for the past twenty (20) years at the Tip Of Texas. She will be honored at the Monday Morning Meeting. All employees will be there to here the Hurricane preparedness update and she will not know about the surprise recognition.

Once again please come to Monday Morning Meeting if possible.

Belated congratulations to Maria for all her hard work for the park and the residents. Our thanks for taking care of us.

Wishing all a good week. Pam

Just a reminder that dogs should be on a leash when out side of your home and be considerate where you dogs leave their trails. Try to take the dogs on the vacant lots, not on a residence lawn.

The palm tree trimmers are in the park. Be careful around them.
