Hi All, I had an exciting week. Went to Bristol, TN to my second Nascar race. The Bristol race track is like a big mixing bowl with deafening engine roar. You have to wear headphones or earplugs to survive the noise. Then you make sure you can spot the top of your driver's car. Unlike a tennis match, when you move your head from side to side, you concentrate on your driver and start circling counter clockwise. After 500 laps and 3 hours later you feel like an over-wound clock but are either overjoyed with a win or waiting for that next race. We came away slightly disappointed, but already making plans for returning next year.

My highlight of the weekend was spending time with Barbara Horne at her summer residence. What fun. We boated on her beautiful lake and took a tour of the area. Thank you, Barb, for a fun afternoon.

If you notice in the minutes, Jeannice will soon be printing new telephone directories. If you have any changes, please let her know this week so your numbers will be updated. You may contact her at totact1@juno.com or Lavon at waltj@bcglobal.net Make sure you do this immediately if needed.

Sorry to say, no other news to report. Please drop me a line so I can include something besides my rambling. Have a good week. Pam

MONDAY MORNING MEETING, August 26, 2013
