We have had some mass exit from the Tip heading North. Hoping all are traveling safely. I received a note from DeLores Simpson:

THANK YOU ALL MY TOT FAMILY:

I have been completely over whelmed with your generosity of encouraging words both before and after my surgery, all the prayers, calls, cards, food, flowers and loan of medical equipment. Thank You each and everyone for you have truly helped in my speedy recovery.

With love and friendship, DeLores Simpson

DeLores has recoved quite nicely from her recent knee replacement. We see her walking around the park and getting stronger everyday.

We made it home in a day and a half as usual. I only drove during the dark hours and Kathy handled the long end of the driving. Now on to the good news which has eluded me so long on my back. The surgeon said today that the top ends of the 14 inch rods which I have in my back are way too long, and with a fairly simple operation which should entail only about an hour to an hour and a half he can compete the entire operation and take an inch or 2 off the top of those rods and they will no longer rub against the main back muscles and the pain should mostly be gone!! Hurray!! Hurray!

Clark and Kathy

Charlotte and Jack Cooper made it home to IL. She wrote:

We got home last Thursday. Wonderful weather the whole trip. Have snow this morning but not much. The cold brings out the old aches and pains. Miss everybody. Sure miss those pools at the Tip.

Won the game yesterday and hope we win tonight.

Every body take care on the road.

Just a note to let you know that we arrived home (or rather to our daughter's home just east of Toronto) today. We will be going up to North Bay in a few days. It was 25F when we arrived--a little adjustment for us!! We had good driving all the way and quite a bit of sun, too! Thank the Lord! Our regards to all our friends at the Tip! Mary and Don Mitchell
I have a request for info. Does anyone know Eilene Mears e-mail address? I have ebigtree@netzero.net but that has been rejected for the past few weeks. I hated to lose contact with her.

My friend and newly committed Tip Winter Texan, Judy Burnham, has reached her home in Michigan and posted:

I have had my fill of traffic jams! One yesterday south of Nashville, for no apparent reason, then another one today because of an accident. Let it be know that construction season is in full swing. I still haven't seen any snow, but I guess I will tomorrow. Have had beautiful travel weather.

Looks like TX is finally having some warm weather, and things are looking better up this way. Everybody take care and travel safely. Judy
