Happy Earth Day to All: Hoping your weather permits you to enjoy the outdoors today. I need to be planting something today, but the IL ground temp is still too cold. At least the sun is shining, but it's still in the low 60's. Not what we were used to at the Tip.

Due to a close friend's death, I cut my visit short in Dallas and returned to IL. If you're traveling thru TX, enjoy the Blue Bonnets. They were beautiful last week.

Again, several have notified me that they have returned to their Northern homes safely. To start, Mike and Claudette Martel wrote:

...just to let you know that after 5 days on the road Claudette and I made it home after a short stay at Claude and Claudette Roy in Michigan...we had a good ride but the only eventful thing that happened was the sun shining in Michigan...wet and cloudy the rest of the time and no need for the sunglasses...there is still snow on the ground and going to 28 tonite...it was really a good time for us to travel...have a wonderful Easter everyone and a wonderful Summer....C U All in the fall, the good Lord willing....Mike Martel

Good news from Jana Fleming:

Hi Pam. Hope you're doing fine. We are in Illinois for another week then heading east for three weeks to South Carolina and Florida.

But I talked to Onalee Hagen today and she said her lung cancer is in remission and she is doing good and feels great. If you can put that note out on your email next week,.. Thanks. Take care. Jana

Dick and Bonnie Lynch wrote:

Got to Ohio to see our daughter just fine. Weather was great. Hope you are having fun. Tami got me a new tablet so now I can get my emails everywhere so keep in touch. Bonnie

The Petersons noted:

Hi Pam, we arrived in Hennepin on April 14 to snow. How lovely. Been busy unpacking and getting things put away. After being gone for 3 months, the house also needs to be freshened up. I did take some time today to play cards with my girlfriends here. Have a great summer. thanks for the MMM minutes and updates on our friends all over the map. Jerry and Kay

The Millers returned to Wisconsin:

Here I am enjoying my morning in WI with the wonderful Milwaukee Journal, coffee, fireplace and my two canine friends. This is our morning routine.

Yes even though Larry never thought that we would get "all of that" into the car—we did it. Of course we had to unload some frozen corn to Steve and Graceann and some applesauce to Larry and Joanne in order to fit the dogs in. Even then we had to carefully open the doors to make sure that nothing fell out esp. the dogs. After four days in Killeen with Brigitte and Jerry we went on our merry way. We had to stop in Miami, Ok for our usual overnight—waving at Larry's son on the way by. The weather was wonderful and we made it home with no problems. No snow here and the weather is sunny and fairly warm. The birds are singing and the grass is green. Happy Easter.

Back to wonderful cardio tennis Tuesday.

Have a safe trip home and "Hi" to the Chapmans.

Duane and Sandy

The Bramletts wrote:

Left Tip Sat morning. Stayed one night in motel. Got home about 1:30 Sun. Great weather for traveling. Daughter and Son-in-law met us and helped unload. Then went out to eat.

There will be a drop-off for old and unused medications on April 26 (Saturday). It will be held at the Peter Piper Pizza at 2311 S. Cage in Pharr. Please take advantage of this service because we do not want meds to be disposed of in garbage or toilets because there is the chance of them entering our water supply. Thank You!

Also, If you have not seen the notice on the board about 'flushable wipes': Please dispose of them in the trash, not the toilet. Despite the fact they are called 'flushable' they are not able to be processed in the Pharr sanitary system and cause clogs and other problems. Again, thank you.

Meeting was adjourned.
