Good morning. Another week of warm temps, showers, and high humidity in Central Illinois, but there's always enough sunshine and dry weather to keep us busy in our yards. I've heard we're not the only area being hit by rain. I smiled at Pat Horak's comment about the rain:

If I wanted to live in a rain forest I would have moved long ago. Now the rain forest has come to me. Nuf already!!!

Pat and Joe live in Mishawaka, IN.

First I want to pass along a note from Lois Skinner:

Just wanted to let you know that Gordy Skinner is in the hospital with heart failure but hopes to be released soon but can always use prayers. Thanks Lois

Let's keep Gordy in our prayers.

We've heard good news from the Elliotts:

just a little note to update you on Glenn's condition. As you know he had by-pass surgery on the 16th. Went into Afib and had to be cardioverted. It converted him to normal rhythm. Got to bring him home Sat. the 20th. He is naturally very weak but has had very little pain. Recovery will be long but it started day after his surgery.

Delores Simpson had knee surgery and did rehab in TX. She and Cliff headed north to Minneapolis in June. She has written:

Arrived home safe a week ago Friday after spending an extra day on the road due to my getting food poisoning. When we got home I had forgotten to call the city and have our water turned on at the street. When they did get out two days later they flooded our carpeted basement. All is cleaned up and I had surgery for skin cancer on my arm. That was the final straw, I drew a line in the sand and claimed in Jesus name NO MORE! So was able to have the whole family for Father's Day so we could see everyone and today we are off to our grandson's graduation party. Glad to be home (Cliff's not to sure) but already miss the TOT and my friends. In friendship, Delores

Sounds like they have had more than their share of bad luck for awhile. Wishing them only the best for the rest of the summer.

The Dickeys recently returned from China:

Hi Pam--We just returned to Omaha after enjoying a wonderful 24 day trip to China. We joined a tour with Steve and Diane Wells, former TOT residents, and our daughter went along. It was a very energetic trip, and I think we walked at least a million miles. We are thankful the Chinese are putting all their energy into building highways and skyscrapers, and not into missiles and military aircraft! The women are beautiful and always dressed in the latest fashions. Scooters are the fastest mode of transportation, and they can pile three or four people on one scooter. There are no traffic laws, no helmets, and no lights used in the evening--makes for interesting walking!! One scooter had a small child standing in a basket while holding on to the handlebars. You saw all of this Pam, but just wanted you to know we had a very interesting visit. Sherry and Terry

Thanks for sharing...we all enjoy reading about our Tip Friend's travels.

Mary Mitchell wrote:

Thanks as always for sending the news from the Tip. We are doing OK here in the north, busy with tourists at our tourist camp in Spanish, Ontario. Right now we have Bev and Ed Peterman and Tom and Julie Felsted here in their motor homes for a visit and some fishing. The Felsteds have their daughter Liz with them. We don't know what the Fall brings as Don has to have a hip revision before we would come south again. We meet with the surgeon next week for a consultation and to set a date. Hope everyone is enjoying the summer. Mary

Let's pray that Don's surgery goes well and we'll be able to see them in the early Fall at the Tip.

Thanks to all for sharing their summer activities.....Have a good week. Pam

MONDAY MORNING MEETING June 23, 2014

GOOD MORNING:

Pledge of Allegiance

Hospital Report: Betty Carrity passed away on Friday June 20th in the park. Another case of you need to get the life alert program when you live alone, it could save your life, not someone else's.

Wayne Nesbit is in the hospital in Canada because he was weak and not feeling well. He has another infection in his lung and is dehydrated; He will be in the hospital for a while. From Joan Nesbit.

Al reported that Sue is back in the Hospital with a fever and hopes to get back to an outpatient status soon. She has to have 48 hrs with no fever to be released.

Prayers given by: Paul Barcenes

OTHER INFORMATION: Ed Ernest is celebrating his 84th B,day today and provided donuts for the group. Happy Belated Birthday, Ed.

Al reported that the Indoor pool project is finished and the pool is back open. They will be painting the pool areas this soon and they will try to keep the outdoor pool open and paint sections at a time to accommodate this so you can still use the pool while the painting is being done. Al also asked us to be sure to check on our neighbors and let the office know if you are leaving the park for travels.

The South Texas College is putting on a play and the poster is on the bulletin board.

A free Saxophone concert is at Pan Am University in Edinburg Thursday Eve.

Video room opens on Mondays only after the meeting for a short time.

Thirsty Thursday will be at: Johnny Corino's on South Jackson Ave. 4:30PM

Joe Strain sent several funny anecdotes leaving us with smiles on our faces.

Meeting adjourned.
