Good morning....Typical Midwest weather here in Central Illinois, warm with the high humidity. All our crops are looking good and even the farmers haven't been complaining. (I can make that comment since I'm a farm girl at heart.) I did hear that Dallas hit 100* on Sunday. I like hot, but..... Anyway, didn't hear from anyone one this past week, so nothing (either good or sad) to pass on.

Wishing you a good week to the start of August. Where does the time go?????? Pam
