Hi from the Hill Country....Beautiful, but chilly. Sorry to say the Blue Bonnets are gone, but the rest of the wild flowers are in full bloom.

Hand surgery went well, just an inconvenience of having numbness in the right hand fingers. Good news..feelings are coming back, just takes time. Stitches out next week, then I will be heading North like the rest of the Winter Texan Migration. It is suppose to be getting warm in Illinois. I have heard from a few residents.

Arrived home Sunday midnight safe and sound but drove through some real downpours through des Moines. Most of the trip was fine, in and out of rain. Never saw the predicted storms and hail. Praise the Lord for that. Thought I had everything turned on at home before we left but there is always a glitch, no internet undtil Wednesday pm. and that took the phone companys assistant. IT IS COLD!!! here. Below freezing tonight. Sure wish I could go up to the pool for some sunshine and out to Pappadeaux's with the gang. Next year. Keep the TOT hotline of information coming so I don't miss anything. DeLores

To my Texas friends I am back in Albert Lea. Left the TOT just before noon on the 16th. Lots of memories! Kent and Chris unloaded the Honda CRV about 5 pm on the 20th. Ordered some pizza delivered. Kent had the Vaio (computer)set up first to talk to my other kids and listen to my favorite music while I put things in place. Also did shopping for groceries etc. So thankful for their help as it was cold and windy. I still have two large suitcases of clothes to unpack and lots of laundry which can wait. Usually takes me a week for that. The trip home included out to supper for Mexican with son Dean and Mary in Georgetown. Also a movie lunch and a beer(if desired) which is brewed there.. Flix Industries (a new concept in entertainment) Grandson Greg is Marketing Director. Their first location was Round Rock Texas. Second one is completed in Merle Hayes Mall in Des Moines Iowa. I really enjoyed Vince Gill with the Time Jumpers in a new college performing arts theater in Forrest City Arkansas. Then Kansas City our favorite hotel The Raphael in the Plaza district and dinner at Jack Stacks Barbeque. Freeways were loaded with semis as usual. We were in an extremely heavy down pour of rain Highway 71 about 5 pm near K.C. Visibility zero. After about ten minutes Kent was able to get off and under shelter at a Casey's General Store along with several others. I am glad I was not driving!! I have never experienced a downpour like that! I hope to be back next winter . Stay healthy and happy. Joyce

Donna Scheibel has informed us of two past residents. First is about Pat Kubesh:

Pat Kubesh was not at Mass this morning so I did some checking. I talked with Elaine (Elaine was in church) so I called Elaine

to-night. Pat did not feel good Sat. morning so she called her son Dave and daughter-in-law Meg. They went to their farm and took

them to the emgergency room at the Willmar, MN hosp. From there he was taken to St. Cloud hospital. They took 7 qts of fluid from

around his heart. His heart beat is normal. Elaine said they are taking more tests. He will be in the hospital a day or so, they think.

Their address is 86551 Cournty Road 14, Olivia, MN. 56277.

Will be in touch.**Update also from Donna**

Just got the call back about Pat K. Everything checked out pretty good. No stints or balloons or anything like that. Just to watch his diet mainly. Hopes to go home on Tue. the 28th.

The second notice was the passing of Bill Stone:

Marcie Stone called us this morning that Bill Stone had passed away. The funeral is Mon. April 27th at St Edward's Catholic church in Henning, MN. at 10 AM. Some might have their old address as Vining, MN. They lived on Independence Street just a few doors from Onalee. They moved to Henning about 3 years ago. Please pass this on for the MMM.

Marcie Stone, 500 Willow Creek Apt 206, Henning, MN. 56551

We had a good trip home last week. It is a little cool now so I don't worry about working out in the flower gardens.

Thanks, Donna for the info.

Had a report from Pat Horak:

I just received a call from Bobbie Barcenas. It was reported at MMM that her youngest brother, Ricky Hoff was seriously ill. It has just been learned that he passed away before he could be moved to where he could have heart surgery. Ricky and his wife were residents of the park for two seasons. He is the brother of Bobbie, Rhea Gibson, and Ken Hoff. Our sympathy goes out to them. Please keep the family in your prayers.

All the pecking of two fingers for this week.....Pam
