Good morning from Central Illinois. The weather here for the last couple of weeks has had it's ups and downs...literally in the temps. Bathing suit warmth yesterday with 47* this a.m. I will have to break out the long underwear for my grandson's baseball game this evening. At least we haven't had the snow like they've experienced in the North.

I spoke with friends in the Dallas area and learned that even though they have had significant amounts of rainfall, the flooding was not in their area. I'm hoping our Tip friends and neighbors have not been affected by the storms happening around the country.

I want to pass on a couple of notes I have received.

Hi everyone, finally got home safe. Put mom by dad Saturday. Glad to have final closer. We are home for a while. Thanks to all my great friends for there prayers and thoughts. With love Dick and Bonnie Lynch

Again we send our sympathy for the loss of Bonnie's mother.

Hi Pam, I hope this gets to you. Joe and I are safely back in Mishawaka. A wonderful trip seeing cousins, son and family, granddaughter, daughter & family and lots of road. We had beautiful weather for driving - no rain, no storms, and no bright sunshine in our faces. The visits broke up our trip nicely and we found plenty of economical motels along the way. Went to the grocery store today for some staples to get us through the weekend and BOY what a shock in prices. about the only things (believe it or not) that were comparable to the Vally were. eggs and milk, Go figure! We have been home about 4 hours and have seen only 2 neighbors. No body sticks their noses out unless they are walking their dogs. I miss the Valley and the Tip a lot. Even in the summer, so many friends. Love to all of you year-rounders and a happy summer to all of you, like us, are in the north. God Bless. Pat and Joe Horak

Hi Pam I got home on the 4th. We had good weather all the way home. It was a good trip. Afraid I brought some of Texas rain with me but the lawn looks nice. Thanks for sending the Monday morning news. It's so good to keep up with our friends in Texas. Love Jackie

A note from Joyce Sauter:

We arrived at our son's place in MN on May 1. We will be staying with them for the summer. The first two weeks have been challenging to say the least. Dave has had a hard time adjusting to what he can and cannot do. He took off (without his GPS) the first Tues we were here and got himself lost. I looked for him and could not find him and had to call 911. The police found him about 2 miles away across a highway on the other side of town. Now he cannot walk by himself any more and is having a little trouble accepting that. Yesterday and today have been much better so I think he is adjusting to his new reality.

Hope everyone has a great summer. Still pretty chilly up here!!! LOL

Already looking forward to our return to the TIP.

Dave & Joyce

Thanks to all for dropping us a line.

Wishing all a good week and remember next Monday is Memorial Day. Keep all in your prayers.....Pam
