

MMM Minutes for July 27 from Pam Brown (I have deleted the Minutes for the July 20 Mtg.)

I'll give you two reasons you're getting the last 2 weeks MMMeetings. First I was without a computer and second I was on the move again. Traveling buddy, Gwen and I were in Colorado having another great time. We took the train up Pike's Peak, spent a day ATVing in the mountains, went horseback riding through Valley of the Gods, flew in a Hot Air balloon, went through the air force academy in Colorado Springs, just to name a few things. We packed a lot in for a 6 day trip.

I have followed Hope Bradford's recovery on her FB page. She is progressing very well and thanks everyone for our prayers for her speedy recovery.

I had received word from Gracanne Powell that her parents, Eldon and Jean McNaught were going to return to the Tip next season. Then I received this note:

Letting all of Jean McNaught know friends know she has been in & out of the hospital lately. As of today we put her in the coronary unit in Genesis West - Davenport, Is. They discovered she had tiny blood clogs which gave her little strokes & congested heart failure. She knows our names but not any dates or her own age or where she lives. But they are giving her the best care. They don't expect her to get much better just be comfortable. Eldon is beside himself. We can't tell if he totally understands the out come. So if you call please bare with my Dad, he feels lost and needs a friend to talk to.

And then this week:

Yesterday was a lot better for her. The Doc said he was getting a brace for her knee & they would start therapy today. Mom has to move around a little or her body will shut down. Doc said she is taking all the meds possible now for her heart. So the blood clogs & small strokes they can't stop. But if they can get her moving a little it will help with the blood flow. Dad looks like he has slept in months and even admitted how tired he is. Hopefully he can get rest the next twenty days.

The Faasen's have taken a great trip through many of the National parks on their bike. A couple of weeks ago I received this:

As you know we are on a road trip with the scooter. Visited friends in Colorado Springs, then Santa Fe and we are in Taos now for 2 days. Then off to Moab, Arches NP, Bryce, Kanab, UT and the north rim of the Grand Canyon. From there St George for family wedding, wrapping up in Vegas to see Willie Nelson. (Epic trip so far) Jen will visit sister for a few days in St George & fly home while I travel home on the scooter.

Enjoy your trip to CO.

Happy summer to all,

Bob & Jenny Faasen

Thanks for all the news.

On the up beat Elaine has been very good to me. She let me cut the grass & do all the trimming. She evens gives me cold water when I need it.

WHAT A WOMEN I HAVE.

And lastly, Eileen Mears just celebrated her birthday and had posted a picture on FB. Sorry I have lost her e-mail address, but so glad to see that she is still enjoying her life. She and Elmer were such a fun loving couple.

Have a good week and keep cool if your experiencing the hot humid weather of the Midwest. Pam
