**Greetings from Wisconsin. Was back in Illinois just long enough to mow the yard, wash some clothes, and off to the beautiful We went kayaking near Trout Lake in the northern part of the state. This time I didn't get out of tent camping. Wasn't "TOO" bad, until it started to thunder and rain. Only things I can think of worse than a wet tent smell is a wet dog. Oh well, we survived and had a good time.**

**I received a nice note from our Canadian friends, the Rieblings:**

Hope all is well with you. It sounds like you are having a good summer with lots of holidays & visiting. We are fine. Got to take 2 camping trips, but that will be all for this summer.

On July 22, Ken had his other knee replaced. He is home & doing well, but already is getting cabin fever. It has even been too hot in the daytime to sit outside. He gets tired of sitting in his chair most of the time, but things are coming along well. This event has put a stop to any more summer holidays with our trailer. That's alright as long as he is getting better.

No other news. Thanks so much for sending us the MMM, as we enjoy hearing what is going on at the TIP. We appreciate all your work. Keep travelling & enjoying your summer. Take care, Ken & Gloria

**For those of you who do not follow the Faasen's on Facebook, Bob and Jenny drove 3,840 miles out west on their motorcycle. Bob wrote on July 24:**

**I'm sure they will have lots of pictures and tales to tell. Glad to hear they made it back to St. Louis safe and sound.**

**Here it is already Aug. You that means we can all start thinking about the Tip. It won't be long before we can start packing. Have a good week. Pam**
