Good morning....thankfully the Midwest will have a warm up at the end of the week. That makes it bearable for some of us still in the North. I'm still pecking away with week two of the arm sling. Good news from surgeon, I'm able to travel. I think he knows how anxious I am to head South. I have bribed my daughter to chaeuffer Mom and me to the Tip at the end of the month. Now just hoping this 70* weather holds till then.

No other news to report. Well maybe I should ask for support for the Cubs tonight. Have a good week, and safe travel...Pam
