Good morning: I'm back in central Illinois and back to the yard, the house, but also the the golf course and tennis courts. One always has to have a balance in life with work and play. And, thankfully there are the grandkid's ballgames to attend.

I want to thank Doug Craig for dropping me a note about his folks. Please give them my best.

I wanted to send you a note for two reasons; first - thank you so much for your efforts to keep "Tipster Alumni" connected with all things happening in the lives of other Tip-O-Texas residents and former residents. And, the second reason - to let you know that Mom and Dad are alive and well. Mom is heading toward her 91st Birthday and Dad follows with his 95th later this year.

Neither of them choose to travel away from Fort Myers anymore, but the Grand-kids and Great Grand-kids come to visit and take in some warm Florida Sun. Dad now has a blind assistance cane when he goes out and it really helps as it lets others know that Dad is sight-impaired. He tells everyone who will listen that he carries the cane in order to "beat" the girls off when they pursue him. Mom says those girls can help themselves; that with his limited assests they also have to assume all of his liabilities - LOL.

Dad walks down to our marina on the river each day and enjoys watching boats come-and-go from our marina. Many residents know Dad and enjoy stopping and visiting as he always has stories. Of course, all of you "Tipsters" know that Dad has lots of stories and some of his stories are even true. Mom received an I-Pad for Christmas and loves keeping in-touch with all the Grand-families through e-messages and lots of pictures and videos. She also has several games to play and is very good at solitaire. Mom will be on a feeding tube for the remainder of her life. She hates not being able to enjoy table food, but she feeds herself 4-times daily, with a little TLC from Dad.

Once again, I thank you for sending along Tip-O-Texas news. Some of Mom & Dad's cherished memories are of their years spent at the Tip !! And, they look forward to your e-newsletter each week. We all wish you and Roseanne continued health and happiness.

Sincerely

Joan & Orral Craig

Cherrie & Doug Craig

Joan was always on the go, literally. She would always lap the park several times a day and was a wicked card player. Orral, (Spud, as we knew him,) always and still is a wealth of information. He always has a tale to tell. We miss them both.

Bonnie and Dick Lynch are back among the cyber net:

Got WiFi at the house yesterday. Yea, can keep in touch now. Made it home alright. Had rain most off the way. Hope everything is good with you. Take care and keep in touch.

We want to wish Orval Eikenhorst a happy belated 94th birthday. Thank you daughter, Kathy Will for sharing on facebook.

I also found a picture of Mary and Ralph Kosta on FB. For those new to the Tip.....these are the parents of Joan Cuda. We're so glad they are both doing well.

Hoping the pictures come through..... Have a good week. Pam
